PLANNERS CALL FOR STUDY

Romulus Suspends Zoning

ROMULUS - A recommendation that a moratorium on zoning and rezoning of property in Romulus Township become effective immediately was approved by the Township Board.

The Romulus Planning Commission had previously recommended a 90-day moratorium on requests to rezone for multiple dwelling and a 30-day moratorium on all other type zoning petitions to permit township planning consultants to make further study relative to Romulus' master plan.

Joseph Wallis, township treasurer and secretary of the Planning Commission, stated that the moratorium action was made necessary by the increase in multiple dwellings and the current rise in petitions for rezoning for multiple units.

Parkins, Rogers & Associates, township planning consultants, are presently updating the township's master plan and zoning map as well as conducting a land use study.

The sum of \$8,000 (one third of cost) has been budgeted for the land use study by the township under Federal Program 701 that provides for two thirds federal payment of study costs.

SINCE FEDERAL monies are not yet available, the township went ahead with its share and initiated the land use study.

Currently Romulus has from 1,000 to 1,200 multiple units occupied or under construction.

When Parkins, Rogers & Associates, Inc., of Flint, Mich., was hired to conduct the study, the township was advised that the study would take approximately 18 months to complete.

A formal request to Governor William G. Milliken to establish a Special Election date to fill the vacancy in the office of supervisor was made last week by Edgar M. Branigin, Wayne County Clerk.

Romulus Township has been without a supervisor since Jan. 6 last, when Edmund Bizek (D) of Romulus resigned to assume his new duties as the 24th District representative on the new Wayne County Board of Supervisors.

Bizek had served for nearly six years before his election to the Board of Supervisors.

Bizek had served for nearly six years before his election to the Board of Supervisors.

(See ZONING page 3)

Spelling Bee Champs Named By Schools

ROMULUS - The second round of the Annual Detroit News Metropolitan Spelling Bee is scheduled to be held Friday, March 7, when the school spelling champions will be determined. Making up the team for this bee will be the ten last spellers standing in each grade at the earlier contest.

Grade spelling bee winners not hereto published are as follows:

CORY SCHOOL - Brent Goodwin, fifth grade champion and Cheryl Buchanan, runner-up. Brent is the son of Mr. and Mrs. Jack Goodwin, 37325 Ecorse Road, Wayne.

HARRISON ELEMENTARY SCHOOL named Elyse Smith, 10, daughter of Mr. and Mrs. Vergil Smith, 10483 Middlebelt, fifth grade champion. Sixth grade champ was Kathy Ozmert, 11, daughter of Mr. and Mrs. Charles Ozmert, 15769 Colbert, Miss Grace Brenningstall was in charge of the bees. The fifth grade winning word was "accident" and the sixth grade word, "arise."

In a written test at HAYTI SCHOOL the following winners were declared: Rosemary Taylor, fifth grade winner; Regena Robertson, runner-up. Their parents are Mr. and Mrs. Arnold Taylor, 6080 Inkster Road, Inkster; Mr. and Mrs. Vernon Robertson, 6984 Birchdale, Inkster.

Sixth grade, Lori Jenion, daughter of Mr. and Mrs. Robert Jenion, 32188 Bruce, Wayne, winner, and Sharon O'Hara, daughter of Mr. and Mrs. Raymond O'Hara, 6445 Gloria, Wayne, the runner-up.

Sumpter Hardware Robbed of 23 Guns

SUMPTER - The theft of 23 automatic weapons from the Sumpter Hardware Store, 19500 Sumpter road, is under investigation by detectives of the Wayne County Sheriff's Road Patrol. The guns were valued in excess of \$2,400.

The store break-in was discovered last Wednesday (Feb. 26) morning.

A county-wide alert for the apprehension of the thief or thieves along with a request to be on the lookout for any one purchasing ammunition has been issued by investigating officers.

Entry into the hardware store was made by breaking through both a storm door

glass and inner door leading inside the store. The place was completely ransacked. Dr. Adam W. Kurylew, reported.

The weapons taken were all late models and consisted of four pistols and the rest rifles.

Witnesses told of seeing four or five motorcyclists around the area and later of a Volkswagen with four or five passengers riding around, Dt. Kurylew stated.

A police scout car patrolling the area apparently scared off the thieves as two new rifles were dropped in their getaway.

The store is owned by Henry Sietz.

ROMULUS' INDUSTRIAL COORDINATOR - Alfred J. Perry, township clerk, (left) going over some reports with Jacob Golany newly appointed Romulus Coordinator and planner. Golany, 31, of 10626 St. Martins, Detroit, left an electronics teaching class with the Detroit Board of Education for his new post. He fills the vacancy of Mickey Reel, who resigned some time ago to enter private business.

Formal Request is Made For Supervisor's Election

ROMULUS - A formal request to Governor William G. Milliken to establish a Special Election date to fill the vacancy in the office of supervisor was made last week by Edgar M. Branigin, Wayne County Clerk.

Romulus Township has been without a supervisor since Jan. 6 last, when Edmund Bizek (D) of Romulus resigned to assume his new duties as the 24th District representative on the new Wayne County Board of Supervisors.

Bizek had served for nearly six years before his election to the Board of Supervisors.

Township Clerk, Alfred J. Perry request the County Clerk to initiate the proper procedures in getting an election scheduled. Members of the Township Board failed to appoint a successor to Bizek within the required 45 days ended Feb. 20.

Present members serving on the Township Board, with the exception of Township Treasurer Joseph Wallis, seek the post but none were able to

bureau, located at Flint, Mich., under the supervision of four votes.

Branigin, in his communication to the governor, stated "that the Township Board failed to fill the vacancy within 45 days from the date of Bizek's resignation as provided for by law and now the County Clerk is petitioning the governor to set an election date for the township supervisor in the Township of Romulus."

LIST AGENDA

Homeowners Schedule Meeting

ROMULUS - The Romulus Township Homeowners Association urges you to make your plans now to attend the Quarterly Meeting on March 12. The agenda for this meeting includes:

Edmund Bizek, Wayne County Board of Supervisor from our district, who will discuss his position and views on this much publicized and controversial subject. The Nominating Committee, for the Annual June Election of Officers and Board of

Directors, will be selected. The need of Recreation areas and facilities for the Township will be discussed.

A member of the Charter Commission will give a progress report.

The problems of the Romulus School District will also be discussed by a member of the Romulus Citizens Advisory Committee, who will be asking for your involvement and support.

A capacity crowd is

expected, so plan to get to the meeting early. The hall can only hold 500 people, so admittance will be on a first come, first served basis. You don't want to miss this meeting!

Romulus Township Homeowners Quarterly Meeting
8 P.M. - Wed. - March 12, 1969

Progressive Hall
11580 Ozga Road at Five Points.

WE HOPE THAT YOU WERE NOT HERE - A line-up of Romulus area motorists shown at the Secretary of State's office on Goddard Road, Romulus, last Friday, Feb. 28, deadline for buying 1969 car tags. Local officials reported that many are still without plates based on last year's record and are warned not to drive until new plates are attached to their cars.

BIG BIRDS GROUNDED - Air travel for thousands of people has become a crowded problem with one of the major carriers, American Airlines, out of action. All flights have been temporarily cancelled pending negotiations with ground personnel representatives to get the airline back into service. Meanwhile, other carriers with relative routings are attempting to ease the crisis. (Photo by Bill Balogh)

ROMULUS TO BENEFIT

\$6 Million Sewer Bond Issue Approved by County Board

ROMULUS - A major step in the economic development of Brownstown Township has been taken with approval of the township's \$6-million sewer bond issue by the Wayne County Board of Supervisors.

The revenue bonds will be used to finance extensions and improvements to the Wayne County Metropolitan Sewerage Disposal System in the townships.

Township Supervisor Donald D. Mahoney predicted that the additional facilities would attract major industrial development to the area.

In pledging the faith and credit of the county for the bond issue, the Board of Supervisors insured that the township would be able to market the bonds at the lowest interest rate available. The supervisors acted Thursday, Feb. 27.

IN RECOMMENDING approval, the Supervisors' Public Works Committee reported:

"The committee was advised that Brownstown Township contains large tracts of land suitable for major industrial development. The committee was also advised that, without sewer and water development, the land would be undeveloped and could not contribute economically to the welfare of the County."

The danger of hepatitis outbreaks due to inadequate sewerage was among the factors considered by the Board of Supervisors. Such outbreaks have occurred, the board was told.

The township plans to use \$385,000 of the bond issue to purchase 13.4 cubic feet per second of capacity in Wyandotte sewage disposal plant. This will permit construction of plant improvements sufficient to meet the needs of not only Brownstown, but also Romulus Township and Taylor, the supervisors were told.

Financial consultants approved the financial feasibility of the bonds.

Frank B. Swapka, 20th District Supervisor, is chairman of the Public Works Committee. Its other members are 18th District, Rudy Hickey; 19th District, Harvey J. Beadle; 24th District, Edmund Bizek; 21st District, Joseph Cardinal; 23rd District, James DeSana; 7th District, Eugene A. Sikora; 25th District, Ralph Turco, and 4th District, Joseph F. Bizek.

OK Study of Mass Transit System to Metro Airport

ROMULUS - The Wayne County Board of Supervisors approved plans for a study of the feasibility of a mass transit system between the vicinity of Detroit-Metropolitan Wayne County Airport and downtown Detroit, Edmund Bizek, (D) of Romulus 24th District Supervisor announced.

The study would be sponsored jointly by the county, the City of Detroit and the Southeastern Michigan Transportation Authority (SEMTA). The transportation committee of the supervisors headed by Bizek recommended the study.

The Federal Government will be asked to underwrite two-thirds of the cost of the \$120,000 study. Two-thirds of

the remaining \$40,000 would be paid by the city and one-third by SEMTA.

The Board of Supervisors directed various county agencies to "provide advice, data and committee participation as needed in carrying out such a grant." The county was asked to contribute funds.

Bizek said, there is "no doubt" that some form of mass transit is needed between downtown Detroit and the airport.

"It is absolutely essential that we get into a study of some form of rapid transit," he stated. There are times already when traffic is at a virtual

standstill on the I-94 freeway. The 'jumbo' jets are expected to start coming into the airport next year or the year after. One of them will pour 400 or 500 people into the airport at one time. We must have some means of moving such vast numbers of people." He added that it takes longer to get to the airport than to fly to some parts of the country.

The Board of Supervisors also adopted unanimously a resolution protesting the announced plans of two railroads to eliminate two commuter trains which operate between Plymouth and downtown Detroit.

The resolution, sponsored by 26th District Supervisor Carl D. Pursell, of Plymouth, urges the Interstate Commerce Commission to hold a public hearing on the issue.

At present, there are two morning trains to Detroit and two evening trains to Plymouth. All would be eliminated but one evening run to Plymouth.

"At a time when we are straining to develop rapid transit systems, discontinuance of these trains would be a sad step backward," declared Pursell, who was designated to represent the Board of Supervisors in the matter.

The resolution, sponsored by 26th District Supervisor Carl D. Pursell, of Plymouth, urges the Interstate Commerce Commission to hold a public hearing on the issue.

The Lenten Season

(Editor's Note: The following article is the second in a series of Lenten Sermons by area pastors and leading churchmen. This week's article was submitted by Rev. Allen B. Rice II, pastor of the United Methodist Church of Belleville.

LENT is a time for evaluation by all who are trying to follow in the footsteps of Jesus Christ. We look upon His life as one of great dedication, consecration and devotion. We see Him as He strides toward Jerusalem bent on making His mission completely clear. He is heading for the seat of authority and it is clear from His preaching and teaching that He expects to get His message across regardless of the consequences!

As you follow the Scriptures this Lent-1969 the invitation is open to all who will evaluate that challenge in the Gospels. He calls for them to recognize a new priority in their living and believing. They wanted to get rich in things but He called them to be rich in things of the spirit. They wanted to establish a kingdom on earth but He called them to the banner of God in a heavenly kingdom. They tried to make God's Temple a place of commerce but He showed them that it was to be a place of prayer.

They wanted to be sure that they had a first place along with Jesus but He reminded them that they were to be as younger sons and as servants. They wanted to protect Him with their swords but He told them that was a sure way to die. He moved into the city on a humble beast foregoing the trappings of a military conqueror. He prepared for His ordeal by both public demonstrations and protests as well as lonely vigils and prayers. He did not argue with those who challenged His objectives and His credentials but rather let His life speak truth for Himself.

Friend reader, if all of us would be moved to change in Lent of 1969 it would come most surely as we tried with new interest and new insight to comprehend His life. May the life of Jesus Christ challenge us anew!

Free Class for Heart Victims Set March 10

TAYLOR — A free two-hour class for persons whose physical reserve has been lowered by a heart ailment will be held at 1:30 p.m., Monday, March 10 in the Doctor's Dining Room, Outer Drive Hospital, 26400 Outer Drive, Lincoln Park, the Michigan Heart Association's Downriver Heart Information Center, has announced.

The "Patterns for Living" class will teach men and women easy-on-the-heart techniques to do work — including reaching, lifting, climbing, and using tools. These save time and effort and can be used either in the home or on the job.

In her classes, Mrs. Jill Merke, of the Michigan Heart Association demonstrates how a patient with spurs can make a special diet tasty, can organize work to cut frustration and fatigue, and design work areas to make jobs simpler.

"We show the cardiovascular patient how to fulfill his basic needs — being independent, having a sense of accomplishment and being as active as his disability allows," she explained.

All cardiovascular patients including those recovering

from a heart attack or with congenital or rheumatic valvular defects can benefit from the class as well as victims of stroke.

The Michigan Heart Association is a Michigan United Fund Agency. For further information about "Patterns for Living" classes write Downriver Heart Information Center, 24365 Van Born, Taylor, 48780 or call 565-5500.

Schools Tell Of Finances At 2 Meets

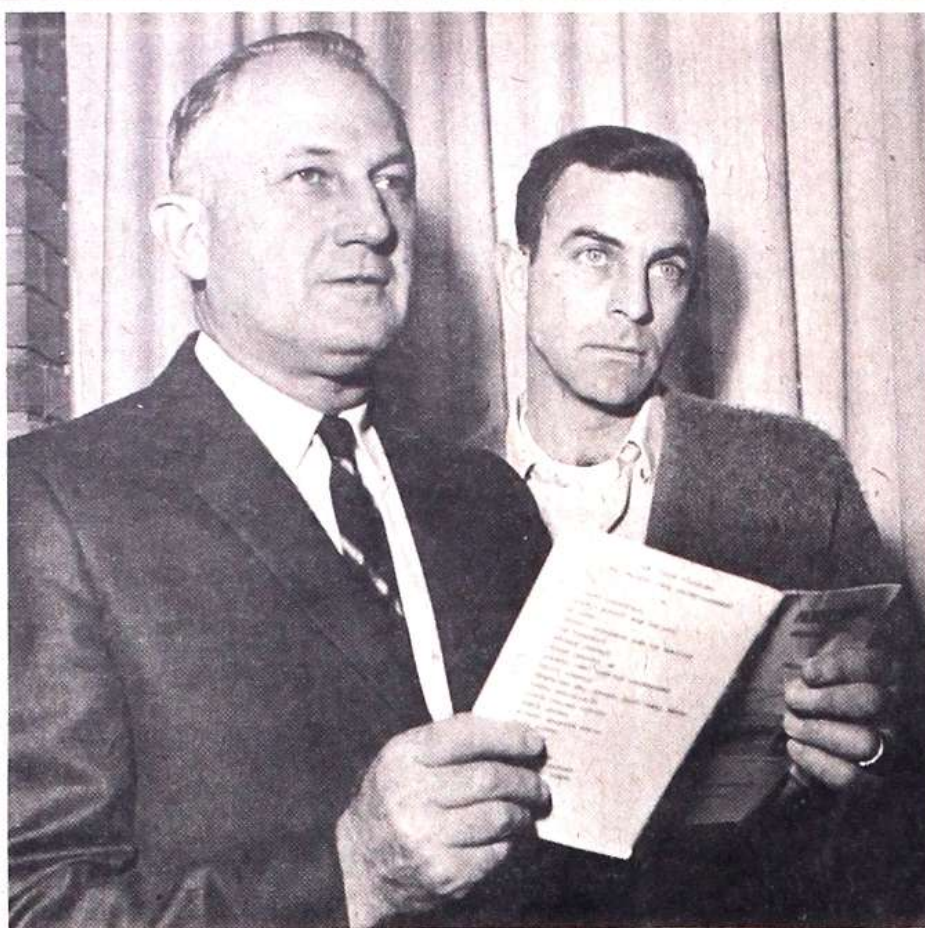

BELLEVILLE — In a continuing program of improving school-community relations, Van Buren School District administrators held two meetings on school finances at two area schools.

Last Thursday, Feb. 27, Dale E. Kaulitz, school superintendent, and James Egan, schools' business manager, presented the financial aspects of school operations with the assistance of slides to teachers and others at the Quirk Elementary School.

And on Monday night, March 3, a similar program was presented to the PTA at West Willow Elementary School.

The two sessions are part of a series of school administrators and school board members going to the school district taxpayers and school employees with reports on the school system.

Michigan has an average of 2,200 new active TB cases, and approximately 300 deaths, each year.

HORSE SHOW COMMITTEE MEMBER Roy Traskos, 16244 Bak Road, Belleville (right) is serving as a member of the Advisory Committee for the Michigan State Fair's 1969 Horse Show to be held during the fair, Aug. 22 through Labor Day, Sept. 1, in Detroit. He conferred with E. J. (Jeff) Keirns, (left) general manager of the Michigan State Fair, as plans were made to operate the entire show under the rules and regulations of the American Horse Shows Association.

Non-Public School Contributions, Problems Aired in New Booklet

LANSING — The Michigan Association of Non-Public Schools (MANS) has published a booklet urging state aid for the education of Michigan's 315,000 non-public school children.

Entitled "The day the non-public schools closed," the booklet tells what might happen if Michigan's nearly 1,000 non-public schools were to close their doors.

If this should ever happen, the booklet explains, the Michigan Legislature probably would be called into emergency session to appropriate an extra \$100 million in state aid for public school districts.

LOCAL SCHOOL districts would be required to raise another \$120 million through property taxes and upwards of \$800 million would be needed to build new public schools to handle the influx of new students.

"In all, Michigan taxpayers would have to come up with more than \$1 billion to take up

the slack caused by the closing of non-public schools," the what-might-happen story concludes, "and the quality of education in the Great Lake State would inevitably suffer."

The MANS booklet quickly explains that it hopes such a tragedy never occurs.

"But let's face facts," it continues, "Unless our non-public school systems receive assistance, a tragedy of this scope could occur. This is no threat idly bandied about by greedy parents wishing to escape the responsibility of providing an education for their young. Rather, it is a cold, harsh fact confronting all of us."

THE 16-PAGE booklet discusses the contributions made by non-public schools and the financial problems of the state aid for the education of non-public school children.

A summary of the report issued by the Joint Legislative Committee on Non-Public Schools, which recommended that the state pay for certain educational services provided by non-public schools, also is included in the booklet.

Statements on non-public education by President Richard M. Nixon, former Vice-President Hubert H. Humphrey and Gov. William G. Milliken are quoted in the booklet to show the question

Assigned

BELLEVILLE — Army Specialist Five George W. Neel, 22, son of Mr. and Mrs. Robert F. Neel, 8701-76 Belleville Road, has been assigned to the 124th Maintenance Battalion at Ft. Hood, Tex.

His wife, Margaret, lives in Killeen, Tex.

Club Files Papers to Incorporate

BELLEVILLE — The Belleville Area Senior Citizens Club is being incorporated as a non profit organization.

The incorporation papers have been signed by Richard Coffelt president and director; Mrs. Marian Hartwick, Secretary; and David Cress, Treasurer; and forwarded to Lansing by Alton P. Shirley, Belleville Attorney.

A public hearing on help for the Senior Citizens of the state was held by the House of Representatives last Saturday morning. The meeting was held at the Westland City Hall with over 200 people in attendance.

Eight members of the Belleville Senior Citizens Club with Mayor Royce E. Smith attended the meeting.

Club Director Richard Coffelt and the mayor both testified before the committee. Tax assessors from Grosse Pointe, Dearborn, Monroe and other surrounding communities as well as supervisors testified to the need to raise the homestead property tax exemption from \$10,000 to \$15,000 of state equalized value and raise the yearly income from \$5,000 to \$6,000. Several other fields of help besides property tax was brought up and discussed including relief in state and food goods and relief on school taxes, all the problems for limited income people.

On Friday, March 7, a public hearing will be held at the Detroit City County Building Room 1320 at 2 p.m. on the problem of the different state equalized factors used on setting up of tax figure used by a community to set its taxes.

Vietnam Duty

ROMULUS — Army Private First Class Steve Goodrich, 19, whose parents, Mr. and Mrs. Ernest Goodrich, live at 37537 Van Pretten, was assigned to the Fourth Infantry Division near Pleiku, Vietnam, as a tracked-vehicle mechanic.

Elderly, Vets Get Reminder

ROMULUS — There are still some Romulus senior citizens and veterans who have yet to file their applications for property tax reduction under Michigan's Homestead Tax Exemption Law, Harold Reiner, deputy assessor, announced this week.

Based on a tabulation of last year's report, there are 30 senior citizens and approximately 20 veterans who have failed to submit their applications, Reiner reported.

All eligible Michigan homeowners, who are 65 years of age and over will need to file an affidavit at the local assessor's office (Romulus Township Hall) for a tax reduction on their 1969 taxes. Those who filed last year must do so again, Reiner stated.

Applicants must file between Jan. 2 and early March. Senior citizens, 65 and over, and state

residents for more than five years are eligible for the exemption if their homestead and real property value does not exceed \$10,000 state equalized, and their gross income does not exceed \$5,000.

Veterans are limited to the same on property valuation, but \$7,500 on gross income.

CONGRATULATION — Rep. Edward E. Mahalak (D) of Romulus (right), congratulates David F. Thayer, 28364 West Huron River Drive, Flat Rock, a driver for Transportation Service, Inc., Detroit, on being chosen Driver of the Month for June and a competitor for the 1968 Driver of the Year award during the 21st annual Michigan Trucking Association awards dinner held in Lansing, Feb. 12 while Mrs. Thayer looks on. Thayer's record is 21 years of commercial driving 1,125,000 miles without a chargeable accident.

Area Outdoorsmen Join Plan To Aid Marine Safety Training

BELLEVILLE — The Huron Valley Conservation Association seems to be coming the most active group in this area for community activities.

They have now joined forces with the Wayne County Sheriff's 10 Member Marine Safety Division by awarding scholarships to send two officers of the Marine Safety Division to school on advanced training in Marine Safety and Laws.

The two men will be trained in everything possible that has to do with water safety. They have to be qualified divers, boaters and swimmers, so they will have full knowledge of everything needed in Marine Safety.

They will patrol all waters in Wayne County and will be prepared to cover other areas in the state if needed, such as

the coho fishermen's disaster that occurred last year.

"Safety on the Water", is being taught to the children in the Belleville area by these officers on their own time, so that the children will be able to respond to an emergency on the water if so needed.

UNTRAINED YOUNGSTERS 12 through 15 years old are reminded, that under the law which took effect at the start of 1968, cannot operate motorboats of six horsepower or more without adult supervision, unless they have completed their watercraft safety classes. Young boaters-to-be have little time left to sign up for classes offered this winter.

Belleville Lake has been assigned a Marine Safety Division boat and two officers, Sgt. Fred Reiman and Patrolman Richard Koch on duty this year, and plans for a first aid station are also in the making.

The Association is asking the City of Belleville, Van Buren Township, the public and all other organizations to join forces with them on this great project for "Safety on the Water". It may save the life of someone they love.

Everyone who knows what is under the surface of the water of Belleville Lake will know why this lake is considered the most dangerous in the state.

"We feel that if these men are willing to risk their lives

Promoted By Army

ROMULUS — Clifford Prill, 21, son of Mrs. Mildred Prill, 326 Portia, South Amboy, N.J., was promoted to Army sergeant (Jan. 23) near Pleiku, Vietnam, where he is assigned to Company D, 3rd Battalion of the 4th Infantry Division's 12th Infantry as a squad leader.

His wife, Cathy, lives at 473 Bay Shore Road, South Amboy, and his father, Oscar Prill, lives at 30780 Sibley Road, Romulus.

Draw-Tite Firm Sold

BELLEVILLE — Draw-Tite Company, one of Belleville area's leading manufacturing concerns, has been sold.

Sale of the firm to Hoover Ball Bearing Company of Ann Arbor was announced to the Belleville Enterprise Monday by Harlan Whichello, president and founder of the company.

Present company management and employment rolls of 100 employees will continue under the new ownership and the manufacturing facilities in the Belleville area since 1946 when the firm was organized will remain, it was announced.

Draw-Tite operates three distribution warehouses in addition to its manufacturing activities at Belleville.

The warehouses are located at Grand Prairie, Texas, Starke, Florida, and Flemington, New Jersey.

Whichello will continue as president of the company.

ZONING

(continued from page 1)

their petitions when informed of the commission actions. They are:

The Forsythe Development Company, 28801 Southfield, Lathrup. This firm sought rezoning of 40 acres of land from single to multiple and 10 acres to general commercial.

Jack Hollenberg, 37550 Huron River Drive, asked for rezoning of two lots for construction of 128 rental units.

Returns To Duty

ROMULUS — Marine Master Sergeant Henry M.T. Kolehmainen, son of Mr. and Mrs. Henry Kolehmainen of 37255 Eureka Road, and husband of the former Miss Mary F. Spurling of Garden City, Mich., has returned to the Second Marine Aircraft Wing at Cherry Point, N.C.

He returned from a live firing exercise of the Hawk Missile at Vieques Island, Puerto Rico.

This missile, designed to intercept and destroy low altitude, high performance aircraft, is an important part of the Marine Air Defense System.

AT APRIL CONGRESS

Tenure Law Repeal Support Before PTA

ROMULUS — Support of repeal of Tenure Law will be among the eight resolutions to be considered at the Michigan Congress of PTA's to be held in Flint, April 21-23.

Teacher tenure briefly means the right of certificated teachers to hold their teaching positions without fear of dismissal or demotion except for reasonable and just causes. It also provides for probationary periods, regulates demotions and discharges and provides for resignation and leaves of absence.

The wording of the resolution to be presented to the convention is:

Whereas: Recent legislation has secured Teachers' bargaining rights and the protection therewith and

Whereas: Leaders in the profession recognize that the double protection of tenure and bargaining rights is, in many cases, working to the disadvantage of the profession and the education of children.

Therefore Let It Be Resolved: That the Michigan Congress of Parents and Teachers support repeal of Tenure Laws.

Repeal of Tenure would require a state wide petition requesting a referendum.

Other resolutions to be presented concern: Professional Accountability, Negotiations, Drug Education, School Financing, Aid to Non Public Schools, Reorganization of School Districts and Disposable Bottles.

U.S. FUNDS AVAILABLE

Sumpter Planning for Public Housing

SUMPTER — Administration officials and members of both Sumpter Public Housing Commission and Planning Commission are conferring this week on methods to employ in a program of Public Housing and Senior Citizens dwelling units, Mike Kozma, township supervisor, announced.

Verification that federal financing is now available for the construction of a multi-million dollar program of low-income public housing and home units for the elderly has been received from regional officials (Chicago) of the U. S. Department of Housing and Urban Development (HUD) last Friday.

Federal officials announced that a reservation of funds for construction of 130 public housing units and 70 dwelling units for senior citizens has been set aside for Sumpter Township. It is believed the federal grant is in excess of \$2 million dollars.

Kozma stated that township representatives are holding conferences this week to determine on what method to employ in getting the required housing sites, planning funds and financing of construction.

One method is where the township supervises the complete program from site determination to final rental occupancy.

The other method available is under the Federal

Romulus Area PTA Council Reports ; Programs Scheduled

BY BEVERLY McAMALLY

ROMULUS — Twenty-five delegates to Romulus Area PTA Council met on Tuesday night Feb. 25, at Harrison School. All Units except Gordonier were represented. Robert Babel, principal, was in attendance.

The treasurer, Mrs. Dornetta Thompson, reported all schools current with dues except Gordonier. Roll Call showed the following membership totals:

Beverly School—105 members, Cory—63 members, Harrison—58 members, Hayti—238 members, Mt. Pleasant—68 members, Romulus Elementary—39 members and Gordonier was unreported.

Total area membership is 576. Total State membership thus far is 206,003.

Hayti School was awarded the membership trophy for the month of March, making the sixth month the award has gone to Hayti.

Robert Knight told of a meeting to organize a new PTA unit to serve the area to attend the new Merriman School, whose completion date is scheduled to be fall of 1970. The election of officers for this group will take place on April 9.

Each Unit was given an opportunity to explain the programs and projects undertaken this year and mutual problems relating to attendance at meetings were discussed.

The Resolutions to be presented to the convention in Flint, April 21-23, were read and discussed briefly. Each unit is to be prepared to vote their opinion at the March meeting.

Hayti School will host the next Council meeting on March 25, 7:30 p.m.

ON WAY TO SCHOOL

Youths Recover Weather Balloon

BELLEVILLE — Going to school in the morning becomes a routine matter for most students.

But last Thursday, Feb. 27, the morning trip to school was a bit different for the Quirk Elementary School classmates.

Brian, sixth grader, and Chuck Randall, fourth grader, 12 and 10-year old sons of Mr. and Mrs. Frank Randall of 47079 Ayres Road, and their companion, David Huntsinger, fifth grader, 11, son of Mr. and Mrs. Warren Huntsinger of 47163 Ayres Road.

THE TRIO saw what was believed to be a "Kite" dropped from the skies to the roadside on Ayres. Picking up their discovery, they took it to the school office.

School officials said that the kite turned out to be a radio bureau, located at Flint, Mich., about a year ago.

The students related that the balloon that held it aloft had broken, the radio sonde's contents consisting of a battery, box and parachute were not damaged in the landing.

A tag gave directions and accordingly the boys will mail it to a weather station in Joliet, Ill. with information as to when and where they found it.

Cleary College is accepting applications from those who want to specialize in business

Cleary College offers one, two and four-year programs leading to a diploma, associate degree or bachelor's degree. At Cleary you learn more so you can earn more upon graduation. And the prestige of a Cleary business education assures you of a more rewarding future.

Because Cleary College specializes in training you for a successful management, accounting or secretarial career, more jobs are available than Cleary can supply graduates to fill.

Coming of Spring Time to Start Anew

The welcome freshness of the new spring season approaches.

Since the beginning of time, Spring has been nature's way of reminding man that life is a never-ending process.

During the spring months of March, April, May and June, as the sun rises higher in the Northern Hemisphere, the trees leaf out, crops flourish, the scent of flowers fills the air and the new young of all nature's creatures look about them with wonder at the beauty of the land and the blueness of the sky.

Depending upon where we live, our thoughts will turn to the pursuits of spring gardening, Easter bonnets, vacations, weekend treks to the coasts, mountains and lakes. One and all, we will enjoy the general state of somnolence known as spring fever that always makes its appearance after a dreary winter.

The springtime of life is now, and we should make the most of it. We should accept nature's invitation to enjoy the good things of creation, to lay aside bitterness, tension and prejudice.

Spring is the time to start anew, and only the foolish will deny it.

Closing Today's Generation Gap

In the depression years of the early and middle 1930's, a college education was a privilege, often reserved for those with the stamina to work and go to school at the same time.

It is exceedingly difficult for people of that generation to view with a great deal of tolerance, the riots and vandalism that are making a shambles of college campuses today — a condition that seems to go along with the assumption that higher education is an inalienable right. How inalienable this right remains may depend on the course of inflation.

The cost of going to school is soaring, and education is among all the other fine social goals threatened by the declining value of the dollar.

For example Board of Education's in many areas of the country have revised upward the cost estimates of building projects proposed in 1967.

Rising construction costs caused the Board's to boost their recommended outlay by hundreds of thousands of dollars in the space of one year, and eventually these additional outlays will be reflected in higher tuition fees and other costs of going to college.

Present day affluence may partially explain the generation gap we hear so much about. But, rising costs of inflation may help close that gap as young people begin to learn that a college education is something to be respected, treasured and earned — not taken for granted.

If It Fitz ...

Crime Is in the Streets, but ...

By JIM FITZGERALD

me to move 60 miles south or Detroit where I can take my lumps with the rest of the mugging victims.

Or stay where I am and shut my big mouth.

I write that no man should be pre-judged for any reason — his complexion, his relatives or the way he walks. And I get letters telling me I would wait a different tune if I lived in a big city where there is a nigger with a razor in every doorway.

Some of the letter-writers preface their venom with the usual sickening platitudes: "Some of my best friends ..." But the haters always end up writing about "they." "They" are lazy. "They" throw garbage in their backyards. "They" want to kill all white men and rape all white women. "They" snatched my aunt's purse six times.

And with that simple word "they," the letter writers reveal their ignorance. The haters stick the caution sign on every black child in Detroit because Rap Brown clenched his fist in Boston.

It would make equal sense if I quit eating spaghetti because of the Mafia.

Another thing many of the haters tell me is to read the News and I'll know how dangerous it is to live in Detroit. They are referring to the "Crime in the Streets" column which each day lists the hold-ups and muggings and rapes. The News always identifies the criminals as Negro or white. This is a mistake and I hope the News editor will some day wake up and cut it out.

Naturally, most of the muggers are Negroes. There are 600,000 Negroes living in the inner city and for whatever good or bad reasons, some of them are vicious crooks. But what color are the victims of these street crimes? The News skims this. Thus the reader gets a false

How Jets Are Tested For Safety, Performance

By Bill Balogh

WHAT MAKES IT FL.

How in heavens does it get the ground? ... Is such a huge airplane really safe to fly? Over and over again, these questions are just a few that are constantly uttered every time the average person watches one of the modern-day giant jet transports take off and fly away at near sonic speeds.

The giant aircrafts of today are tested and proven far more than any other mode of transportation in the world today. Long before being placed into service, both military and civilian aircraft of all makes are put through paces never even dreamed of by the passenger who comfortably sits in a jetliner while winging along at speeds over 500 miles per hour to their destination.

What does it take to prove out a new type airplane? To make certain it flies according to design and lives up to all the engineer's predictions?

It is hard to believe, among other things, it takes 20 barrels of water, some television cameras and a big 14-track tape recorder. Plus almost three years of 40 hours a week.

TYPICAL EXAMPLE is when recently Boeing's first 737 twinjet took to the air to begin an exhaustive flight test program. More than three tons of electronic equipment filled the cabin usually taken up by plush passenger seats and interior appointments. Miles and miles of wire led from hundreds of sensitive built-in gauges located all over the jetliner to feed information into an electronic maze. The

gauges detect temperatures, pressures and loads as the airplane is put through its paces.

The steady stream of information fed into a tape recorder mounted in one of the complex equipment racks bolted to the cabin floor. The heart of this recording system is an inch-wide, 14-track tape which handles 60,000 readings a minute. Each track on the tape was linked to as many as 43 gauges which are "read" at split-second intervals.

The data recorded in this tape range from highly technical information about stability, control and engine performance to work-a-day details even on how well the air conditioning system is performing. After each flight the tapes were fed into computers and the analyzed results made available in 48 hours.

SO ACTUALLY, about 200 flight test engineers were "looking" over the pilot's shoulder when the 113-passenger jetliner lifted from the runway on its maiden flight. With this array of sophisticated electronic data gathering and analysis equipment, nothing was missed. In addition, a closed circuit TV system aboard the aircraft provided quick visual reference. Exterior surfaces on the plane were "on camera" during the flight, watched by the test crew on a monitor set.

Because of the complexity of the flight test program, the first four 737 aircraft off the line were slated for flight test work. By using four test planes instead of one, engineers shortened the test program to less than seven months which with one plane would have required more than two years.

While three of the jetliners were packed with instruments, the interior of the fourth had all the appearances of a jetliner in service. This latter was used to prove out those systems with which passengers are more

familiar with, emergency oxygen, good, clean water, lavatories and not to forget, a plug for the coffee pot.

OTHER PLANES concentrated on the technical side. Structural tests to confirm the soundness of design, complete checkout of all systems, fuel, electrical and hydraulic plus further study of the aircraft's aerodynamics.

Not to forget the earlier mentioned "water barrels." They rode in the cargo compartment with delicate electronic gear. The 1,200 gallons of water, weighing more than four and one-half tons, were used to vary the planes' center of gravity and gross weight providing more usable flight test data.

The results of such a testing program, together with a static test model which was put through all types of torture on the ground, makes the average jetliner a very thoroughly tested aircraft by the time it is introduced into actual airline service.

So remember, whenever you look up at one of these jet sky giants, it has been tortured, tried and flight tested way beyond its required limitations and by plain facts and comparison vital statistics, it is the safest form of travel in the world today.

And once they are placed into service, no automobile or other form of travel vehicle has ever been "pampered" and maintained to keep it that way.

FAMILY BUGGY VS JETLINER—Don't gripe about the family car. If you maintained your car as the airlines are taken care of, you would hire four full-time mechanics, make a "walk around" inspection every time you drove over to Westland Shopping Center. You would buy new tires every 500 miles, tune the engine every 2,500 miles, have a complete engine transmission and brake overhaul every 25,000 miles and, get this, have a complete physical checkup every six months!

Just Being Young Can Be Dangerous

Just being young can be dangerous.

The accidental death total among children of 5 through 14 years old, increased nearly 12 percent from 8,700 fatalities in 1968 compared to 7,800 in 1967.

The 1969 Preliminary Condensed Edition of Accident Facts, released by the National Safety Council is the source of the above statement.

The report further indicates that there was also a significant increase in deaths of slightly

older persons. Among the 15 to 24 age group, fatalities increased nine percent — from 21,400 in 1967 to 23,300 in 1968.

Although some of this can be attributed to the increase in population in these age groups, the fact remains that there was a sharp rise in accidental death among younger persons, even figured on a percentage basis. Overall, fatalities from all accidents in the United States during 1968 (among all age groups) increased two percent, or approximately 2,000, bringing the 1968 total to 114,000. But as noted above there were 2,800 among ages 5 through 24.

Much of the increase in the fatalities among our younger people was in the area of traffic accidents.

Deaths in traffic among persons 5 through 14 were 600; among persons aged 15 through 24, the were 1,200.

1,400. Obviously, we are not meeting the needs of today's youth. Yesterday's shop-worn methods — "the Johnny-Don't-This and the Johnny-Don't-Do-That" simply will no longer work.

WHAT IS needed, is a more positive approach to safety education and youth involvement at the earliest possible time — in the home, the schools, the church and youth organizations. Specifically, it is high time for school districts and youth organizations of all types to begin placing more emphasis on educating America's youth in proper behavioral patterns so that they will know and instinctively react in the proper — the safe — way in all life situations.

The Greater Detroit Safety Council, chartered by the State of Michigan to serve in Wayne, Oakland and Macomb

Counties, will be happy to assist at any time in making our metropolitan community a safer and happier place to live and work.

A letter addressed to the Council, 857 Virginia Park, Detroit 48202, or a telephone call to 873-4422 will provide full information and assistance in any kind of safety problem.

Letter Box

TO THE EDITOR:

How disappointing that the American flag was not displayed in downtown Belleville on February 22.

Especially now when destructive forces are attempting to destroy so much in our country.

What better time to show our patriotism than the birthday of a great man, George Washington?

ABOUT SIX HOURS

Spring Will be Late

Spring will officially arrive on March 20 at 2:08 p.m., some six hours later than last year, University of Michigan astronomer has reported.

Prof. Hazel M. Losh says that at that hour the sun will arrive at the vernal equinox, the equator, on its way north.

The six-hour time lag is traced to the difference between the number of days in our calendar (365) and the time used by the earth to travel around the sun (365.2422 days).

On the 20th, the sun will rise and set almost exactly at the east and west points, and the day and night are said to be of equal length. But in reality, the day is longer.

ALTHOUGH the sun is above the horizon for 12 hours, it may be seen a few minutes before it comes up and

for a time after it has set, since the light rays are bent as they pass through the atmosphere.

"The day and night are more nearly of the same length about three days before the equinox," Prof. Losh says.

The Spring stars and the constellations are beginning to make their appearance, but Venus continues as the bright "evening star" in the western sky. Jupiter, rising almost directly in the east and visible all night, dominates the sky. According to Prof. Losh, it will reach the meridian on March 21, around midnight.

Spica, called "Queen Star of the Spring," can be located by continuing the sweep of the Big Dipper's handle past Arcturus.

Two white kangaroos have been added to the Los Angeles zoo.

REVIEWING DEPARTMENT AND COMMITTEE CHAIRMEN appointed for the year of 1969 at the 70-bed Belvil Community Hospital, located at 105 Main Street, are newly appointed Chief of Staff, Dr. Watson A. Young (left) and William E. Hinchey, hospital administrator.

Agitation is Hit by EMU Student Group

YPSILANTI -- The Undergraduate Alumni Association of Eastern Michigan University last Thursday (Feb. 27) issued a statement in opposition to recent demonstrations by students on campus. The Association is a group formed to foster relations between alumni and student body.

The statement follows:

"The Undergraduate Alumni Association whose main purpose is to stimulate the interest and participation of the student body in the progress of the University and to preserve and further a feeling of loyalty between the institution, faculty, students, and alumni has looked into the actions of the last few days. This organization, composed of selected student leaders from all areas of University life, has taken a definite stand concerning the action by some of the University students last Thursday.

"The board feels that the leadership responsible for the action came from a group of individuals who were not acting in the best interests of the University Community and the individuals involved. The board is aware of the presence of outside agitators who are not interested in the community's problems, but in provoking deliberate destruction and disruption of the University's process.

"AS AN interested body, the U.A.A. regrets that such an incident has to come to our campus, for we have a proud student body who are glad to be a part of EMU and are interested in acquiring an education. The board feels that the student body is interested in promoting an environment conducive to the total education of their fellow students and in understanding their own self-actualization. Hence, our organization cannot condone that action taken in reference to the locking of the administration building, as it prevented students, faculty, and administrators alike from carrying on with university processes.

"Furthermore, the U.A.A. cannot condone outside agitation or those who choose to use deliberate actions to disrupt the University.

"The board understands the lack of expediency and communication in solving concerns in the community and encourages students to use regular channels of communication to voice concerns.

"Hence, as leaders among our student body, the U.A.A. can visualize and support

legitimate concerns and feel that there is merit in voicing these concerns to the University administration and faculty.

"THE BOARD encourages all parties involved to continue work to solve existing problems within the Eastern Michigan University Community.

"In conclusion, the U.A.A. would like to express interest in supporting all legitimate concerns of any students or group of students including the Black students' request for a Black studies program which the board feels will benefit both Black and White alike in understanding the Black today in our national communities."

Film Fare

At Museum

A galaxie of stars from the Hollywood of the '40s appears on the screen of the Henry Ford Museum Theater Sunday, March 9, when the Famous Early Movies Series presents "Thank Your Lucky Stars."

A wartime release of 1942, it features Bette Davis (in her only singing performance on the screen), Humphrey Bogart, Errol Flynn, Olivia de Havilland, John Garfield, Ann Sheridan and many others.

With the onset of the war, audiences began to demand more realism in films and the studios found it expedient to comply. Gone were the lavish sets and spectacular costumes and most of the hundreds of gorgeous girls that had been the trademark of musicals in the thirties. In their place were the wartime "specials."

These were long, comparatively low-budget films with topical themes released by the major studios with every star under contract to them making an appearance. Though light on plot, the weight of the big names carried them.

The presentation of the representative film concludes the Winter program of the Famous Early Movies Series. The Spring program will begin on April 20 following the Easter Family Film Program presentation of "Gold Rush" and the Laurel and Hardy film, "Hog Wild," April 5 through April 13.

Showings of "Thank Your Lucky Stars" will be at 2 and 4 p.m. and are free to regular Museum visitors.

What's So Different About a Bunch of Kids on a Field Trip?

Two classes of freshly-scrubbed second graders disembark at the steps of the Capitol Building. With them are their two teachers and any number of mothers. They are off to see Michigan's state government in action.

Nothing much unusual about this scene. It happens nearly every school day when the legislature is in session. Right? Right! Only these classes are something special; the kids might typically be from the Sacred Heart School, Dearborn and the Carver School, Inkster on a Shared Learning Experiences Program field trip together.

Shared Learning is a Title III project sponsored by the Wayne County Intermediate School District. Its goal is better human relations by providing personal contact among children with different ethnic, racial and religious backgrounds.

THE PROGRAM makes it possible for students to become acquainted, to correspond by telephone and by mail, and to visit and study together at various times during the school year. The shared field trip to Lansing is typical.

Directed by Mrs. Edyth Cole and in its fourth year, Shared Learning has approximately 2,800 students from 100 Detroit and suburban public and non-public classes. The program's growth is reflected by comparison to the 15 classes and 470 students involved in its first year, 1965-66.

Staff members Mrs. Mary Jo Neville and Mr. Calvin Williams assist Mrs. Cole in coordinating the county-wide program.

Public and non-public school children from Detroit, Dearborn and Plymouth are enrolled, as are public school children from Inkster. Non-public school children from Dearborn Heights, Garden City, Grosse Pointe, Livonia, Taylor, Trenton and Wyandotte are also involved.

New to the Program this year is representation at the high school level. Tenth, eleventh and twelfth grade students from Detroit Northeastern and Dearborn Edsel Ford are participating, as are 10 teachers from each school.

MRS. COLE reports that many of the classes, which have teamed-up for the year, have met in their respective

SAVE AT PRO HARDWARE STORES

Scott's EARLY BIRD SPECIALS

The key to an inviting lawn is proper fertilizing

Simply spread a bag of TURF BUILDER on your lawn and enjoy the difference it will make. Turf builder is the patented fertilizer that makes grass multiply itself. It feeds slowly and steadily, avoiding the wasteful surge growth that makes for extra mowing. Keeps grass greener longer, too. Pick up a bag this week end and enjoy a greener thicker lawn this year.

Improve the kind of grass you have by "seeding in" Windsor

If you hate the thought of digging up unattractive grass and starting all over, consider seeding WINDSOR right into your present lawn. Windsor is the improved variety of Kentucky bluegrass that feels like velvet, wears like iron and has magnificent green color. Doesn't change things overnight. But you'll be surprised what Windsor and a little patience can do.

Now you can stop crabgrass before it starts

If there was crabgrass in your neighborhood last year, it will likely be back this year, because its seeds are in the ground. But you can stop them before they get started - with HALTS PLUS. It sets up a barrier which stops crabgrass seeds as they sprout. Full-fertilizes good grass and grubproofs your lawn - for a full year - at the same time. All from a single application.

Cogswell Road at RR Closed

The Michigan Public Service Commission has announced that the City of Wayne and the Penn Central Railroad Company have been authorized to close and remove the grade crossing with Cogswell Road.

"According to our studies, it appears that the City of Wayne has dead-ended Cogswell Road south of the crossing to permit expansion of industrial facilities," Willis F. Ward, Commission Chairman said.

"The roadway approaches to the crossing have been closed and barricaded; the former crossing has been fenced off and obstructed by pilings, and the physical crossing has been dismantled," Ward said.

"In view of these precautions and the mutual agreement between the City and the railroad company," Ward said, "it is proper that this Commission authorized discontinuance of the crossing."

HONEYMOON IN NEW YORK

De Stefano-Merrell Vows Exchanged
At St. John's Church, Ypsilanti

St. John's Catholic Church, in Ypsilanti, was reserved February 8 for the double ring ceremony which united Lynda Merrell and Philip De Stefano in holy matrimony. The bridegroom's cousin, Father Emile, came from Minneapolis, Minnesota to perform the wedding which took place on the fifth anniversary of his ordination.

Miss Marie Stachlewitz at the organ accompanied David Woods, of Deerfield, who was soloist for the nuptial rite.

Mr. and Mrs. Robert W. Merrell, of 8570 Mom's drive, Belleville, and Mr. and Mrs. Carl De Stefano, of 105-83 Avenue L., Brooklyn, New York, are parents of the young couple.

THE BRIDE was escorted to the sanctuary by both her father and mother and the bridegroom was presented in marriage by his parents.

For the happy occasion, Lynda selected a bouffant creation of Chantilly lace over satin. The fitted bodice was fashioned with a scalloped Sabrina neckline and traditional wristpoint sleeves. Rhinestones and iridescents sparkled on the bodice and also on the scalloped hemline of the hooped skirt which cascaded into a cathedral train as she walked.

Her silk illusion veil, in mid-back length, was caught to a petal headdress of lace and crystals and she carried a cascade bouquet of white gladiolus.

Chosen as maid of honor, Pacita Belleville, of Belleville, donned a formal gown styled with a royal blue velvet bodice and powder blue crepe skirt. The empire bodice featured short sleeves and a wateau train cascading from mid-back. The flat velvet bow she wore was in royal blue with a matching veil and she carried a ball of carnations tipped in royal blue.

Wearing identical ensembles were the trio of bridesmaids: Donna Strickland, who came from Eglin Air Force Base in Florida; Konnie Merrell, the bride's sister, home from Central Michigan University; and the bridegroom's sister, Jeanne De Stefano, who

traveled from Brooklyn, New York, for the occasion.

Another of the bride's sisters, Nancy Merrell, performed as junior bridesmaid in a chiffon frock similar to the senior attendants'.

CARL De STEFANO, of Brooklyn, New York, was his brother's best man. Others on the esquire side were head usher, Frank Hayes, of Northern Michigan University; Tom Price, the bride's cousin;

Gary Griffith, and Tom Sayre, all from Belleville.

Wearing a pale pink jacket dress and corsage of gardenias, Mrs. Merrell greeted some 225 guests at the reception which followed at the Union Hall, on Ecorse road. Mrs. De Stefano wore a yellow brocade coat-dress ensemble for her son's wedding and she, too, wore a gardenia corsage.

New York for one week was the honeymoon destination after which the newlyweds made their home at 776 N. Beal street, Fort Walton Beach, Florida.

Lynda, a graduate of Belleville High School in 1967, worked as a fashion model for the J. L. Hudson Company and was an employee of the University of Michigan at Willow Run prior to entering the Women's Air Force. Both she and her husband are stationed at Eglin Air Force Base, Florida. He holds the rank of sergeant and is serving with the Medical Corps.

MR. AND MRS. PHILIP De STEFANO

How To Send In Wedding
Or Engagement News

For newly-engaged couples and for prospective brides we have printed forms to fill out to announce your betrothal and to enable us to write your wedding story completely and correctly.

If you have any doubt as to what information we require to do a story, these forms list all the pertinent questions.

To obtain either an engagement or bridal questionnaire, simply stop by our office, 330 Main street, Belleville, or request one via telephone, OX 9-2451. We'll be happy to mail either form.

We ask that you also bring or send in pictures to accompany either story.

There is no charge for this service.

March 15
Bride-Elect
Is Honored

Sharon Havenstein, who will be married March 15 to William Travis, was guest of honor Sunday, February 23, at a miscellaneous bridal shower. Hostesses were her sister, Cynthia, and sister-in-law, Mrs. David Havenstein.

Some 30 friends and relatives arrived from the Downriver cities, the Lansing area, and neighboring communities to enjoy an afternoon of shower games and to see the honoree open her many gifts.

The Church of Christ, in East Lansing, is being reserved for the young couple's wedding. Both Sharon and Bill are students at Michigan State University.

Achievement Day

4-H members and their leaders in Romulus, Belleville, New Boston, and Flat Rock are preparing for their Spring Achievement Day. The event will be held Saturday, March 15, at Huron High School, corner Merriman and Huron River drive.

MISS COX

Cox-Cusic
Betrothal
Announced

Mr. and Mrs. Lonnie Cox, of 27546 West road, New Boston, announce the engagement of their daughter, Brenda Kay, to Jimmy D. Cusic.

Miss Cox, a 1968 graduate of Huron High School, is a student at Grace Hospital School of Nursing, in Detroit, and is employed part-time as a secretary for Huron Sod Farms, Romulus.

Her fiancé, son of Mr. and Mrs. A. M. Pruett, III, of 31119 Island drive, Gibraltar, is a 1965 Flat Rock High School graduate. He is employed with Chrysler Corporation, in Trenton, while attending Henry Ford Community College.

No date has been set for the wedding.

Major Perry
Is Diamond
Point Visitor

Major William Perry, who just returned from his second tour of duty in Vietnam, was a recent guest at the Diamond Point home of his brother-in-law and sister, Mr. and Mrs. Richard Dick, of Oakbrook, Romulus.

Enroute to his new assignment at Fairchild Air Force Base, Spokane, Wash., the Major took this opportunity to reunite with his parents and relatives.

Newlyweds Now Living In Westland

In a winter wedding at Calvary Baptist Church, Romulus, Kathryn R. Herman became the bride of Glennis R. Hawley, Jr. The seven o'clock ceremony was read by the Rev. Lonnie England before an assembled 110 guests.

The double ring rite united the daughter of Mr. and Mrs. Edward D. Herman, Sr., of 10240 S. Wayne road, Romulus, and the son of the senior Glennis R. Hawleys, of 9640 Washington street, Romulus.

FOR THE candlelight service, the organ was played by Wayman Holcomb with Mrs. Ruth Dorris as soloist.

Walking to the altar with her father, the bride appeared in a toe-touching gown of peau de soie and re-embroidered lace.

MISS TREVORROW

Trevorrows Announcing Engagement

Mr. and Mrs. Jack Trevorrow, of 82 N. Biggs avenue, Belleville, are announcing the engagement of their daughter, Lynn C., to John C. Parker.

A graduate of Belleville High School, the bride-elect is currently employed at Hook's Cleaners, Belleville.

Her fiancé, son of Mr. and Mrs. Howard I. Parker, of 2518 Craig road, Columbia, South Carolina, graduated from A.C. Flora High School and Mars Hill College. He is presently with Delta Airlines at Jacksonville, Florida.

No wedding date has been set.

Mother Sessions Announced

ROMULUS — A program of informal weekly meetings on "Mother-to-Child Relationship" involving mothers residing in the vicinity of the Mt. Pleasant Elementary School, located at 39000 Superior Road, was announced.

The next two and final meetings are being held in the home of Mrs. Sharon Champagne, 38266 Westvale, on the next two Thursdays during the hours of 1 to 3 p.m.; Mrs. Diana Gibbs, public relations chairman, announced. Refreshments, self-service style, will be available.

Problems that mothers have with children are openly discussed at the meetings and solutions are easily found when a group of mothers exchange ideas.

When using portable electric tools, never stand on damp or wet surfaces, cautions the Michigan Bureau of Safety and Regulation.

All Around The Town...

WITH LEE

SOUTH AMERICAN TRIP

THREE LOCAL couples — the Frank Days, and the Bob Haywards, of Savage road, and the Joe Schlunds, of Belleville road; returned home February 23 after a three weeks visit to South America. Departing Detroit Metro on the second of February, they flew to New York and then onto Suriname (formerly Dutch Guiana) for 10 days — five of which were spent on a safari.

on their canoes.

Following their safari they spent several hours in Trinidad then proceeded to Caracas and Cumana in Venezuela. After spending four days in their oceanside accommodations at Cumana they traveled to the island of Curacao for a six-day stay.

Leaving sunshine, palm trees and tropical temperatures, the group arrived in New York only to be met by dense fog which kept their plane circling over an hour. On landing they were greeted by the East's snow storm, sleet, and rain.

PAT IS FETED

PAT EMERSON, who spent a week in Belleville prior to her marriage Saturday to Bob Groeschner, was guest of honor on the fourth at a shower given by Mrs. Lester Ellward and Mrs. Robert Drysdale. Held at the Ellward home on Madelon street, the social evening was attended by 24 guests from Westland, Madison Heights, and Belleville.

Dessert and coffee were served from a table centered with an arrangement of daisies flanked by candelabra entwined with matching flowers.

When Pat opened her many miscellaneous gifts, she was assisted by Mrs. Michael White (nee Patti Lou Robson), of Westland who was to be her honor attendant.

Prior to leaving New Canaan, Connecticut where she teaches in the elementary school, Pat was honored guest at a special 'surprise' shower given by her fifth grade class. The youngsters presented her with an engraved pewter platter.

She was also the happy recipient of gifts at two other showers — one given by her fiancé's aunt in Norwalk, Connecticut, and another by her fellow teachers in New Canaan.

Pat and Bob were married Saturday at the First United Methodist Church of Belleville. A reception followed at the Huron Motor Inn after which they departed via jam-packed Volvo for Connecticut.

MISCELLANEOUS EVENT

IN PLANNING their shower for bride elect, Donna Snyder, co-hostesses Carol Casmer and Julie Freeze decided on a 'miscellaneous' tag for their invitations. Answered by 18 guests — all girlfriends of the honoree — the Sunday party centered around buncos with door awards being won by Margie Hartford and Julie Freeze.

Clusters of white wedding bells, and streamers in pink, yellow, and white added a festive note to the basement of the Casmer home on Harrison road where the party took place.

After the honoree had unwrapped the many gifts for her future home, the hostesses served a buffet supper.

The Beacon Baptist Church, Taylor, is being reserved for Donna's March 22 marriage to Robert Byrd.

MICHAEL BAPTIZED

MICHAEL JERE DOLPH, who's now eight weeks old, received the sacrament of baptism Sunday at St. Anthony's Catholic Church. Father Albert J. Foltz presided at the ceremony at which Gordon Belaire and Martha Dolph were god-parents.

Some 40 guests were later entertained at the home of Jere

(continued on page 8)

Church Of The Nazarene Setting For Winter Nuptials

The Church of the Nazarene, in Wayne, was the setting for the winter wedding of Alice Killingbeck and Michael E. McMasters, both of Wayne. The Rev. William Surbrook read the double ring rite before an altar adorned with spiral candelabra and arrangements of altar flowers.

During the seven thirty ceremony, the bridegroom sang "Because".

Parents of the young couple are Mr. and Mrs. Vernard Killingbeck, of 36717 Greenbush, Wayne, and Mr. and Mrs. David McMasters, of

4059 Mildred, Wayne.

GIVEN IN marriage by her father, Alice was gowned in a floor length creation of peau de soie and lace. The high-necked bodice, studded with sequins, was styled with wristpoint sleeves and a wattleau train banded in lace.

A two-tiered crown of rhinestones and pearls secured her elbow-length veil of silk illusion and she held a cascade bouquet of red sweetheart roses, gardenias, and stephanotis.

The bridegroom's sister, Vicki McMasters, of Wayne, was asked to be maid of honor. Joyce Cross, of Romulus, and Sharon McMaster served as bridesmaids and the bride's sister, Sharon, was junior attendant.

Identically dressed, the trio appeared in red velvet formal gowns with accents of lace and bows at the back. Their heart-shaped bouquets were comprised of pink carnations and they wore matching headpieces.

Three-year old Dorcas Killingbeck, daughter of the William Killingbecks, served as flowergirl in a white velvet frock trimmed in red.

Best man was John McBain, of Wayne, and the corps of ushers included Larry Harting, of Wayne; Larry Prater, of Ohio, the bridegroom's cousin; and William Killingbeck, of Westland, the bride's brother.

Some 250 guests gathered at the Mayflower Meeting House for the reception which followed. Mrs. Killingbeck received in a beige knit coat-dress ensemble with cocoa accessories. A turquoise knit suit with black accessories was the choice of Mrs. McMasters for her son's wedding. Both mothers added green cymbidium orchids to their outfits.

The newlyweds are now making their home at the Wagon Wheel Mobile Home Park, 51000 Mott road, Belleville. The new Mrs. McMasters attended Mr. Arnold's Beauty College and is now employed as a secretary at the Killingbeck Nursing Home. Her husband is an employee of Micro-Measurements, Romulus.

MR. AND MRS. MICHAEL McMASTERS

Bassinet Bulletins

Mr. and Mrs. Paul R. Loeber, of 48481 Ormond drive, Belleville, added a 7 lb. — 4 oz. daughter to their family February 22. Birth was at Beyer Hospital.

Belleville. The baby arrived February 23.

A daughter, weighing 8 lbs. — 8 ozs., was born at Beyer Hospital to Mr. and Mrs. Lauren Marsh, of 51074 Mott road,

Belleville. The baby arrived February 23.

Mr. and Mrs. Edward Kirkpatrick, of 30251 Van Horn road, New Boston, have a new daughter. Born January 28 at Riverside Osteopathic Hospital, she was titled Jammie Rae.

this information to Pat Patterson (728-9695) or to Judy Miank Whorton (563-7093) as soon as possible. The class get-together will be held June 7 at the local V.F.W. Hall.

Steven Sedlacek, 11, continues to improve at Oakwood Hospital after suffering first, second and third degree burns in a household accident about three weeks ago. Steve is in Room 511-B at the hospital and would enjoy hearing from local friends. His parents are Mr. and Mrs. George Sedlacek, of Grant road. Steve's injuries (burns) are confined to the back area.

Mrs. Gladys Thompson of the local United Methodist Church will hold an observance of the World Day of Prayer this Friday (March 7) at her home on Craig street, beginning at 11 a.m. Everyone is invited.

Cpl. Ronald Mach returned home last Wednesday from 13 months service in Vietnam with the Third Division of the U.S. Marines, and is now on a 20-day furlough here. Cpl. Mach, a June '66 graduate of St. Mary's High School, Wayne, entered service in August '67 and is due to be released in August of this year. A huge sign welcoming Ronnie back home stands at Mach's Flower Shop on Merriman road. Ronnie is the son of Mr. and Mrs. Richard Mach, of Merriman road.

The Parents Guild of St. Aloysius will hold an Old Time Auction Wednesday, March 12, in St. Aloysius School Hall, on Neville street. Various items will be auctioned, including antiques, household articles, etc. Everyone is invited. Proceeds will benefit the parish school.

An excellent chance to increase your opportunities for better jobs is being offered this year in the Romulus Community Schools through the Free Adult Basic Education program, supported by federal funds. There is no cost whatsoever to those who register for classes, nor is there any poverty factor involved. It is just a program attempting to assist those adults, and older youth, who are interested in developing greater efficiency in reading, writing, speaking, and arithmetic. If enough people get into this program to make it successful, it is hoped to have a regular Adult Education Program for next school term offering credit towards high school diplomas.

Hosts and hostesses for the first Lenten dinner, held last Tuesday evening in the basement of the United Methodist Church, were Mr. and Mrs. George Carpenter, Mr. and Mrs. Garnett Bunnell, Mrs. Loretta Collier, Mr. and Mrs. Stewart McLeod, Mr. and Mrs. Fred Ellis, Mr. and Mrs. Carl Morris, and Mrs. Anita Fuller. The next in the series of Lenten Dinners will be held Tuesday, March 11, with the following table heads: Mrs. Loretta Collier, Mr. and Mrs. Harley Savage, Mr. and Mrs. Fred Hay, Mr. and Mrs. Alan Rafalski, Mr. and Mrs. Leslie Wood, Mrs. Marge McCloskey, Mr. and Mrs. Thelbert Thompson, Mr. and Mrs. Robert Rockwell, Mr. and Mrs. Martin Veith, and Mr. and Mrs. Albert Wahrman. General chairman of the dinners is Mrs. Josephine Rehkopf, of Goddard road.

THEY'RE TOPS WITH T.O.P.S. — The annual T.O.P.S. Queen Party was held Tuesday, February 18, in the cafeteria of Belleville High School. This year's top weight loser was Mrs. Audrey Kingsley (holding flowers) with a loss of 40½ pounds. Runner-up, with a 27½ pound loss, was Mrs. Marge Luck (right). Also in the running were Mrs. Dorothy Ries (left), A.K.O.P. (Keep Off Pounds) of one year, and Mrs. Donna Smith. Those interested in joining the club may contact Mrs. Dorothy Miles at 941-3676.

Emergency Society Thanked By Mayor For Contributions

When the Emergency Society of Belleville disbanded some years ago, the former treasurer, Mrs. Jane Van Schoick, reports that its members voted to use the money on hand for a drinking fountain outside the City of Belleville's Municipal Building, and to use other money, if any, for the City.

Recently Mrs. Van Schoick received the following letter of acknowledgement from the Mayor Royce E. Smith.

On behalf of myself and the entire city council, we express to you and the members of the Emergency Society our thanks for the generous gifts to the City of Belleville — the drinking fountain, the Michigan flag, the clock, the floor polisher, and the drapes at the Fred C. Fisher Library.

It is through the generosity of citizens such as you people that makes the mayor's job a pleasant task in the City of Belleville.

Sincerely,
Royce E. Smith, Mayor

Mrs. Van Schoick reports that this now closes the Emergency account at the bank.

SAYS PSYCHOLOGIST

Bicker, Bicker Snarling Wife May be Normal

Did your wife assail your father, brother, and even Aunt Sarah during your last disagreement?

Well, don't worry. It may be normal wifely behavior during an argument.

Dr. William A. Barry, psychologist at the University of Michigan Bureau of Psychological Services, reports that wives are more likely than husbands to respond with personal attack during an argument.

Husbands are more likely to suggest making up.

Dr. Barry evaluated the behavior of newlyweds in experimental situations at the National Institute of Mental Health, in Bethesda, Md. Fifty newlyweds were chosen for the experiment from marriage records in the greater Washington area.

THE SUBJECTS were all white, four months married, and high school graduates. The husbands were between 20 and 27 years of age and the wives between 18 and 25.

Dr. Barry cautions that the study was limited. One might get far different results from a group other than young, white, middle-class Eastern metropolitan newlyweds.

The experiment involved interpreting the behavior of the wives and the husbands in four situations.

In one situation, both were to suppose that it was their first wedding anniversary. The husband had made plans for dinner at an elegant restaurant and had paid in advance. The wife had spent the afternoon preparing a special dinner.

In the second situation, the husband wants to watch one television program while his expectant wife wants to watch another.

Some of the most severe fighting of World War I took place near Zonnebeke, Belgium.

In another scene, the wife attempts to give her husband the cold shoulder, and he wants to find out what is wrong. This situation is reversed in the final situation.

THE INTERACTIONS took place in a room set up to resemble a living room. Observers were present, and each subject was told of the situation in private before the interactions took place.

In general, when the husbands started the argument, the wives were more likely to retaliate with biting, attacking, or coercive remarks. But when the wives started the arguments, the husbands were more inclined to kiss and make up.

In cases where the wives

initiated the reconciliation, the husbands were likely to join in it. Where husbands attempted to calm the waters, the wives were more inclined to keep them boiling.

DR. BARRY said, "By attempting to resolve the conflict, the husbands tended to cool down the argument. In these conflict situations, the husbands were more likely to be conciliatory and supportive while the wives were more likely to exert pressure by emotional appeals and personal attack."

One of the more interesting aspects of the research was noted in six couples who were having marital troubles. In these couples, the husbands were more punitive than the wives and less emotionally

All Around The Town...

(continued from page 7)

and Carol Dolph, on Harmony lane, with friends and relatives coming from Taylor, Ypsilanti, Saline, Wayne, and Belleville to honor 'Big Mike'.

Cake, ice cream, punch, tea, and coffee were served from a table centered with fresh yellow and white mums flanked by tall white tapers.

IN FROM FLORIDA

THE WALTER ROUNSIFERS, of Willis, just recently returned from an 11-day vacation in Florida. Making the trip via auto, they headquartered in St. Petersburg while visiting relatives and friends throughout the state. Among those they stopped to see were former Bellevillites, Walter and Bess Vail, of Bradenton.

Unfortunately they hit a cold spell during their stay and were unable to do any swimming so they went the fishing route instead. Crystal said she would have had a 10-pound crab on her line if her husband hadn't made her lose it. But on the other hand, Wally says it weighed only five pounds — not the exaggerated weight.

Well, that's how fishermen tell 'em.

MOTHER HONORED

THE EDWARD HUDGES were among members of the Kane family to plan a surprise birthday party for her mother, Mrs. Wilfred Kane, of Wyandotte, Saturday evening. Observing her 70th year, Mrs. Kane was completely surprised to find herself guest of honor at a family dinner party. Held in the private dining room at "Amanda's" in Trenton, the party included five of her six sons and their families and her only daughter, Mary Anne Hodge, and family.

Her youngest son, Brian, serving with the U.S. Air Force in Cape Cod, was unable to make the party due to the airlines strike. All in all, there were 44 present including 20 of the honoree's 22 grandchildren.

Her eldest son, Bob, of Trenton, acted as emcee for the evening and proposed a toast and tribute to his mother then presented her with all the home movies she had taken over the years. The films had been spliced together, boxed, and titled "Mary's Movies."

The entire group was invited back to the honoree's home to continue the party after dinner.

IN HOSPITAL

EDWARD RYZNAR, of 11535 Ryznar drive, is in University Hospital, Ann Arbor, in intensive care after suffering a severe stroke at his home Friday afternoon. Eddie is a member of Belleville High's class of '48 and his friends might like to drop him a card or cheer him in some way.

Finishes Course

ROMULUS — Specialist Four Bobby G. Dudley, 20, son of Almus E. Dudley, 36632 Romulus Avenue, has completed a land combat missile systems repair course at the Army Missile and Munitions School, Redstone Arsenal, Ala.

INTRODUCING NEXT NUMBER — Keith Drayton, director of Belleville High School Choral, shown introducing one of several selections the choral group presented in a featured program before the Belleville Rotary Club Feb. 25. The program was well received.

Science Students Ready Projects

Detroit area students are now preparing their exhibits for the 12th annual Metropolitan Detroit Science Fair to be held April 11 to 15 at Cobo Hall.

The Fair, sponsored annually by the Engineering Society of Detroit and The Detroit News, is open to all public, private and parochial school students in grades 7 through 12 in the tri-county area.

Junior high school students

will compete in the Senior Division.

Two Senior Division winners will represent Detroit in the International Science Fair to be held this year in Fort Worth, Texas, May 5-9.

More than 10,000 students in the metropolitan area are expected to enter the competition at the School Fair level.

FROM THESE school fairs,

3,000 students will be screened at regional and community fairs to be held in 11 locations on March 28 and 29 and some 1,400 will be selected for final competition at Cobo Hall. These regional and community fairs will be open to the public, as they were last year.

In the Junior Division, entries are to be classified as experiment, collection or graphic art.

In the Senior Division, exhibits will be entered in seven categories: botany, zoology, health and medicine, chemistry, mathematics, physics and earth and space science.

Winners at Cobo Hall will receive plaques, medals, ribbons and savings bonds and all entrants will be eligible for supplemental awards by other organizations.

THE COST of the Metropolitan Fair is paid each year by contributions from more than 50 business firms in the Detroit area.

Entry forms for the competition can be obtained from school science teachers, from the Metropolitan Detroit Science Fair office in the Engineering Society, 100 Farnsworth, or by calling 832-2066.

Students and teachers seeking information regarding the regional and community fairs to be held March 28 and 29 are requested to forward their inquiries to the school and teacher contact in their respective area.

Four U.S. Presidents have been born in March: James Madison, March 16, 1751; Andrew Jackson, March 15, 1767; John Tyler, March 29, 1790; and Grover Cleveland, March 18, 1837, according to World Book Encyclopedia.

AREA OBITUARIES

HARRIS, Lillian J., 92, 203 S. Huron st., Ypsilanti, formerly of Belleville, died Feb. 25 in Beyer Hospital. She was born Feb. 29, 1876, in Grindstone City and taught school for many years. She married John B. Harris in 1903 and he preceded her in death in 1952.

Surviving are a daughter, Dr. Isabel Harris, of Minneapolis, Minn.; two sons, Dr. Bradley M. Harris, of Ypsilanti, and Dr. Scott T. Harris, of Plymouth; seven grandsons; four great-grandchildren; and one sister, Mrs. Joseph Rankin, of Bad Axe.

Services were held at Geer Funeral Home, Ypsilanti, Friday, Feb. 28, with burial in Highland Cemetery.

arrangements were by Roberts Bros. Funeral Home.

MAKURAT, Albert Joseph, 66, 135 W. Columbia ave., Belleville, died Feb. 28 in Belvill Community Hospital. He was born Nov. 2, 1902, in Detroit.

Surviving are his wife, Mary Ann; seven children, Miss Celine Makurat and Mrs. Theresa Makurat, of Westland; Danyan Makurat, of Redford; Carl Pfeiffer, of Belleville; Harold R. Pfeiffer, of Glendale, Calif.; Mrs. Norma Jean Rice, of Taylor; and Mrs. Ruth Layne, of Belleville. He also leaves 13 grandchildren; two sisters, Mrs. Eleanor Boijk and Mrs. Irene Lijewski, both of Detroit, and a brother, George Makurat, of Warren.

Services were held Monday, March 3, from St. Anthony's Catholic Church, the Rev. Albert J. Foltz presiding. Burial was in Hillside Cemetery. Arrangements were by Roberts Bros. Funeral Home.

RANDOLPH, Lewis Erwin, 62, 45119 Willis rd., Belleville, died March 2 in St. Joseph Mercy Hospital, Ann Arbor. He was born June 20, 1906, in Henrietta, Mich.

Surviving are his wife, Velma; three children, Mrs. Vivian E. Reeves, of Flat Rock; Robert Randolph, of Ypsilanti; and Donald Randolph, of Wayne. He also leaves 11 grandchildren and three brothers, Harold Randolph, of Dearborn; Buell Randolph, of New Mexico; and Herman Randolph, of California.

Services were to be held today, Wednesday, March 5, from Roberts Bros. Funeral

Home at 2 p.m. The Rev. Wilson F. Wood was to preside and burial was to be in Michigan Memorial Park.

HARRIS, Calvin Grigsby, 60, 43322 Summit st., Mt. Clemens, died March 2 in Mt. Clemens General Hospital. He was born April 2, 1908, in Mt. Washington, Ky.

Surviving are his wife, Ruth; eight children, Patricia Delauder, Jacqueline Saganek, Joan Raveau, Michael Lawrence, Jocelyn Poma, Jacqueline Myschok, Virginia Harris, and Alice Lee Jewel. He also leaves his father, Charles Harris, Sr., and two brothers, Nathan Lewis (Jack) Harris and Charles C. Harris, Jr.

Services will be held Thursday, March 6, at 11 a.m. from Roberts Bros. Funeral Home. The Rev. Allen B. Rice, II, will preside and burial will be in Michigan Memorial Park.

Tax Surcharge Computing Errors Delaying Refunds

DETROIT — Many local taxpayers are making mistakes in computing the new tax surcharge on their 1968 Federal income tax returns, A. M. Stoepler, District Director of Internal Revenue for Michigan, reported.

Some taxpayers are forgetting to add the surcharge to their regular tax while others are figuring it incorrectly, Stoepler said. If the taxpayer is expecting a refund, it will be delayed until the mistake is corrected.

To avoid mistakes and refund delays, Stoepler suggested that taxpayers read the instructions that come with the tax forms. The tax surcharge is explained in both the 1040 and 1040A instructions.

The Director said the tax surcharge on 1968 income

amounts to 7½ percent of the taxpayer's regular tax. For example, if a person's tax was \$1,000 before the surcharge, it would be \$1,075 with the surcharge taken into account.

Although the surcharge is generally described as a 10 percent tax, it did not become effective until April 1, 1968, Stoepler said. To simplify calculations for taxpayers, Congress specified that taxpayers pay 7½ percent of the tax on all of their 1968 income rather than 10 percent of the tax on income earned after April 1, 1968.

Metropolitan New York, with Jersey City and Newark, now forms the largest megalopolis in the world with a population of 14,759,429.

Confused about time savings plans? Take a close look and you'll find that NO BANK PAYS MORE!*

There have been a lot of claims made about time savings accounts, especially where interest is concerned. However, we think you ought to consider the fact that no bank pays more than 5% annual interest, compounded continuously on time savings. With this thought in mind, why not go beyond numerical interest, and take a close look at the real thing, the bank's interest in you as a time saver.

We've made it as easy as possible for you to open a Security Time Savings Account. All you need is an initial deposit of \$1,000, and unlike many other plans, you may deposit \$50 or more to your account at any time.

We feel it's important for you to know what your money is doing. As a result, at the end of each calendar quarter, you'll receive a statement that shows transactions made and interest earned. At the end of the year, we'll send you a special statement, for tax purposes. In addition, you will receive a handy passbook-type folder in which to

keep all of your records.

You'll be able to withdraw savings that have been on deposit for a full calendar quarter, during the first 10 days of each succeeding quarter, without notice, or at any time with 90 days advance (the minimum legal requirement) written notice.

Your savings will earn maximum interest until the day of withdrawal. We'll be happy to credit interest to your Security Time Savings Account, another account, or mail you a quarterly check. The choice is yours.

We hope that the preceding has helped to shed some light on a service we think you will be interested in, a Security Time Savings Account. As you can see, we offer "maximum" bank interest, and a personal interest in you. Open a time savings account with us and enjoy the benefits of both!

When it comes to banking,
Security is all you need!

**SECURITY

If you have the idea that electric heat is too rich for your blood, you'd be surprised at the number of average people who are putting it in their homes.

Their present homes.

You'd find—just like they—a cleaner house than you've ever experienced. A quiet, even heat, completely worry-free. It's also more comfortable—never desert dry.

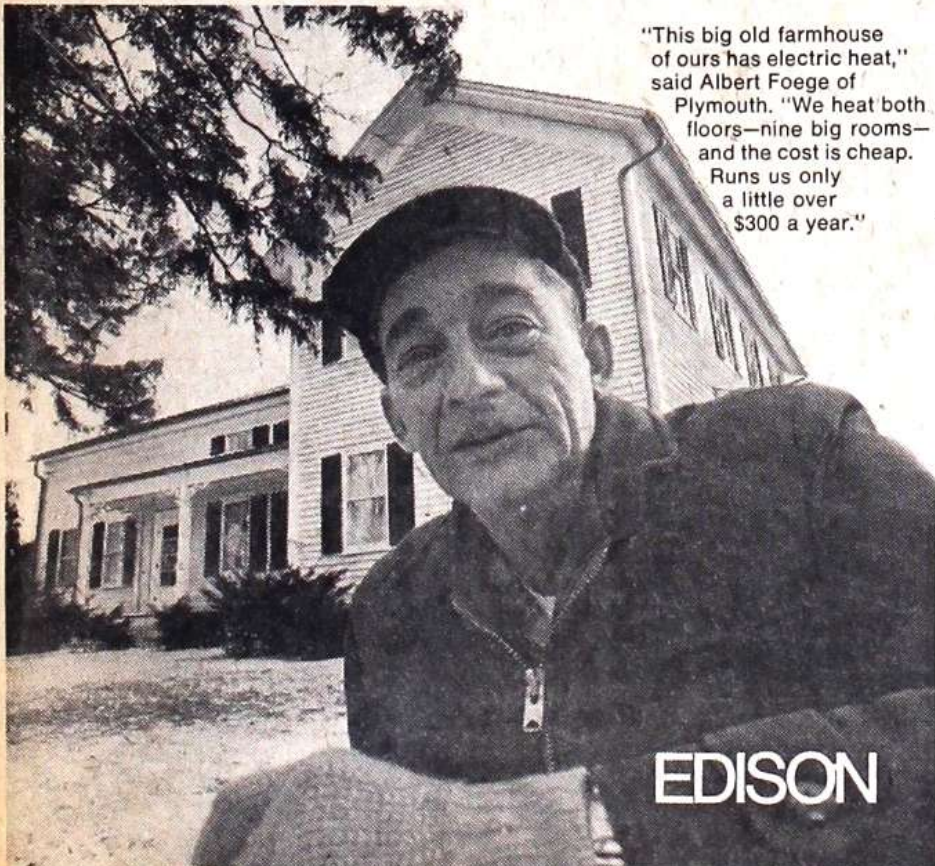

If you'd like a no-obligation estimate on installation and operating cost, call us for the name of an Edison Approved Electric Heat Contractor near you.

Don't wait for your next house to enjoy electric heat. You can afford it right now. Honest.

DREAM HOME YOUR HOUSE WITH ELECTRIC HEAT.

"This big old farmhouse of ours has electric heat," said Albert Foege of Plymouth. "We heat both floors—nine big rooms—and the cost is cheap. Runs us only a little over \$300 a year."

EDISON

CHEVROLET FOUR-WHEEL-DRIVE BLAZER — Designed for both business and pleasure use, the Chevrolet four-wheel-drive Blazer combines high styling with a strong single-unit body on a durable 104-inch wheelbase chassis. Newest entry in the sports-utility market, it offers more power, higher load capacity, greater cargo and passenger space, wider tread, and more comfort, convenience and appearance options than virtually all other such vehicles in its field. It is offered in six and eight-cylinder models with 155 and 200 hp. A 255 hp V8 is optional. In addition to the standard 3-speed manual transmission, a 4-speed manual and a 3-speed automatic are available. It will be available at Heininger Chevrolet, Inc., 489 East Huron River Drive.

Chevrolet Announces New Four-Wheel-Drive 'Blazer'

Chevrolet next month will enter the sports-utility market with a new smaller four-wheel-drive model called the Blazer. It incorporates many specifications and features asked for by prospective customers in an extensive survey made last year.

The study showed that recreational and business users would be receptive to a somewhat larger, more powerful, higher styled utility vehicle with better riding, handling, and steering for both on and off road driving.

To meet the wide range of needs of sports-utility buyers, Chevrolet has designed the Blazer as a simple basic open unit with a single seat for the driver. From that base, the buyer can tailor the unit to his particular desires from the widest range of options in the industry.

THOSE WANTING a station wagon type vehicle may specify an optional attractive removable fiber glass hard top with full side and rear upper lift gate windows. The lower tailgate swings down for easy loading.

The hard top, available in black or white textured paint finish, is styled to integrate with the functional contemporary lines of the Blazer. Fifteen exterior colors are offered.

The new sports-utility vehicle will be available at Heininger Chevrolet, Inc., 489 East Huron River Drive.

Optional passenger single front and full-width rear seats are offered to accommodate up to five adults in comfort. The open rear passenger or cargo compartment extends nearly six feet behind the driver's seat and is 5 1/2 feet wide, the largest offered by any manufacturer.

With its 104-inch wheelbase and new shorter turning front-end steering design, the Blazer is highly maneuverable. It is strongly constructed with

a heavy channel steel frame, rigid single-unit body, and other heavy-duty chassis components to withstand the punishing demands of off-road driving. Payload capacity is approximately 1200 lbs.

Single leaf tapered front springs and two-stage combination multi-leaf and tapered rear leaf springs offer the most desirable suspension for highway ride and off-road durability. Ground clearance of 8 inches is excellent for off-road driving, with an acceptable center of gravity for highway speeds. The wide tread — 64 inches front and 61 inches rear — also adds to stability.

TO MEET the expressed desire for more power, Chevrolet will offer the largest standard engines in the sports-utility field with a 155 hp, 250 cu. in. six and 200 hp, 307 cu. in. V8. A 350 cu. in. 255 hp V8 will be optional in eight-cylinder models.

The transmission lineup also is the widest in the industry. In addition to the standard column-mounted 3-speed fully-synchronized manual transmission, a 4-speed manual and 3-speed automatic are optional.

Consistent with its dual role

of passenger and cargo vehicle, the Blazer may be equipped with a broad list of options to enhance driving ease and comfort and to dress it up to almost any taste.

Power steering and brakes, as well as automatic transmission, are options particularly important to women drivers. Other items available include bucket seats and carpeting, radio, tinted glass, air conditioning, and many appearance options such as color-keyed custom interiors, bright exterior moldings and wheel covers, and chromed bumpers and hub caps.

For severe usage, heavy-duty springs, shock absorbers, clutch, and radiator are available. Truck-type tube and tubeless tires also are optional.

The Blazer horn button, ignition switch, and instrument cluster are waterproofed to prevent weather damage, especially in open models. Standard equipment includes two-speed electric wipers and washers, side marker reflectors, hazard warning switch, directional signals and lane change control, dual hydraulic brake system, heater and defroster, backup lights, driver's seat belt, padded sunshades, inside mirror, and right- and left-hand outside mirrors.

Reappoints NRC Board

Governor William Milliken has announced the reappointment of Robert C. McLaughlin to the Natural Resources Commission and the renaming of all five members to the Waterways Commission. All are subject to Senate confirmation.

McLaughlin was appointed to a new four-year term, expiring Dec. 31, 1972. He was first named to the Commission in November, 1963, after he chaired a special Governor's Study Committee on Conservation. His leadership on

the committee was instrumental in earning him an American Motors Conservation Award in 1965.

The five members of the present Waterways Commission were appointed to two-year terms which end Dec. 31, 1970.

The commissioners are Robert F. King of Laurium, Volmar J. Miller of Paw Paw, Leonard H. Thomson of Grosse Pointe Farms, Charles A. Boyer of Manistee, and Frederic O. Rouse, Jr., of St. Clair.

Bill Calls for Department Of State Youth Services

LANSING — Senator N. Lorraine Beebe (R-12th District) has announced that she has introduced a bill which would create a separate department of youth services as the 20th department in Michigan government.

"This bill would transfer many programs and services now being operated by the department of social services as well as provide for the implementation of several innovative programs. It would also establish a parole and review board which would have authority to parole juveniles committed to this department," Senator Beebe said.

"The youth of this state are our most important asset and they must be given top priority. It is my feeling that the placement of these fragmented services under one administrative 'roof' will greatly facilitate the preventive and rehabilitative process for juvenile delinquents, as well as the provision of needed services to all youth. This separate-youth-administration idea has been endorsed by many leading experts in the field of juvenile delinquency and youth work.

"This concept is also supported by the recommendations of the Governor's Commission on Juvenile Delinquency in its recently-published report.

"For too long Michigan has allowed services to youth to take a back seat to other programs. Now is the time to give this area the priority it rightly deserves.

"I urge all Michigan citizens to actively support this bill so that we may better serve the youth of this state."

Rated 'Expert'

ROMULUS — Army Private Robert B. Kent, 18, son of Mrs. Dorothy A. Kent, 9420 Tobine Road, fired expert with the M-14 rifle at Ft. Hood, Tex.

The expert rating is the highest mark a soldier can achieve on his rifle qualification test. He is a welder in Headquarters Company, 1st Battalion, 67th Armor, 2nd Armored Division.

Know Your Local Rotarian

On Dec. 31, 1904, Ellis Amerman was born to Mr. and Mrs. Jewett Amerman in their home at the corner of Liberty and Third Streets.

Ellis attended both the elementary and high schools in Belleville and graduated from Belleville High School in 1923.

After five terms of study at Michigan State Normal College, now known as Eastern Michigan University, Ellis became a plumber's apprentice with the O.A. Hankinson and Company in Ypsilanti. When completing his plumbing apprenticeship Ellis started his own plumbing business in Belleville in August of 1928.

On August 6, 1930, Ellis and his wife, Thelma were married in Ypsilanti. They have two children, Mary Norman, a teacher in West Bloomfield and the mother of two daughters, and John Amerman, an attorney practicing in Detroit. John has one daughter.

Ellis served over twenty years on the Belleville Volunteer Fire Department and has been a member of the City Council for fourteen years.

He is a Charter Member of the Belleville Rotary Club - serving as its president in 1956-57, treasurer of the Huron River Watershed Council, president of the Van Buren Little League Baseball Association for two years, and president for one year of the Babe Ruth Baseball Association.

He has been a life-long resident of Belleville. The Amermans reside at 181 Madelon Street.

Warrick Captures Regional Mat Title

3 QUALIFY FOR STATE MEET

By JIM BRADLEY
ANP Sports Writer

BELLEVILLE — Three local wrestlers — two from Belleville High and one from Romulus — survived the Regionals held here last Saturday to advance to the state finals this Friday and Saturday at Jannison Fieldhouse in East Lansing.

Belleville's Brad Warrick, like old man river, just keeps rolling along. Or maybe he should say he keeps rolling his opponents along. The mighty mite was the only winner from these parts, although teammate Steve Hampton (138) and Nate (Moose) Williams of Romulus, each finished third.

Warrior Warrick (103) dumped Dave Christman in his first match Saturday, pinning the Ann Arbor Pioneer grappler at 5:32. Then Brad took Terry Cockrum of Wayne Memorial in a tough 2-0 struggle that was very closely fought. Brilliant Brad then routed Ray Gazzolla of Fordson, 10-2 to capture the Regional championship in the 103-pound division.

Later in the day, Steve Hampton battled his way to a

third-place finish to earn a trip to the state finals. He got off to a bad start by losing to Cliff Clark of Southfield, 8-4, in his first match. But he won his last two matches quite easily. Jackson Parkside's Dave Hunt was decisively by Steve, 12-4. In his last bout, Hampton outmaneuvered Randy Cunningham of Ann Arbor Pioneer, 7-1, in another fine demonstration of mat magic.

Romulus' Nate (Moose) Williams, a very talented

Heavyweight, found the going quite rough, finishing third behind eventual winner Rick Bolhouse. Williams fell behind Bolhouse, 4-0, in his first match, and in trying to catch up, left himself open and vulnerable. Senior Bolhouse, a state finalist last year, made no mistakes in taking advantage of the situation, soundly defeating the Moose, 10-1. This only served to inspire Williams who then pinned Southfield's Phil Marsh at 2:15 in his

second bout. He then beat Ypsilanti's Lewis Whisenat to reverse the latter's win last week in the district finals at Trenton. Whisenat beat Williams then, 9-4, in a good exhibition, but the Moose took matters in his own hands on Saturday.

Williams, the eager Eagle, outdueled his Ypsi opponent, 3-2, in a very close and exciting match to win a third place finish and a trip to East Lansing. The first four finishers

in each weight division will go to the state finals held on the Michigan State University campus.

Host Belleville wrestling coach Jim Richendollar was very happy over the "standing-room-only" crowd which packed the gymnasium for the regional.

"It gave me a great feeling to see the people fill the place to watch these fine wrestlers in action," the likeable mat mentor said. "I felt it was a

real fine tournament and, of course, having Warrick, Hampton, and Williams going on to the state finals is wonderful. I think they will represent this area very capably," Richendollar said.

"This is the first time Belleville has ever sent two boys to the state finals. Last year we had Brad Warrick, but this year we'll have two talented boys representing our school," he explained. "I think Nate Williams will also do quite

well in the championship matches."

Wrestlers from four regionals will congregate in East Lansing this weekend. Four matmen in each weight class will mean that the top 16 men in each division will be at it for the number one spot in Michigan.

"There's nothing I'd like to see better than all three boys (Warrick, Hampton, Williams) win the state title in their weight class," Richendollar said.

Prep Grid Coaches To Hear Rams' Allen

Some 1,500 to 2,000 high school and college football coaches from Michigan and Ohio are expected at St. Mary's of Redford High School March 28 and 29 for the 1969 Motor City Football Clinic.

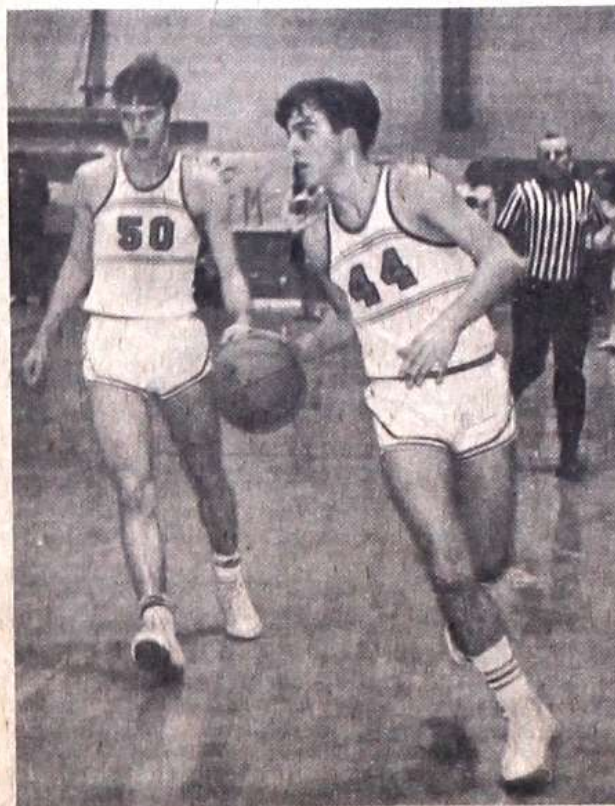

Under the theme, "The Winning Edge," the two-day clinic will be conducted by some of the country's top football coaches, including

George Allen of the Los Angeles Rams and Glenn (Bo) Schembechler, newly named head coach of the University of Michigan.

Other coaches conducting the clinic include Chuck Fairbanks, coach of the Oklahoma Sooners, Pepper Rodgers of the University of Kansas Jay Hawks, George Perles of Michigan State and Roy Kramer of Central Michigan. The clinic is co-sponsored by Detroit area Ford dealers and the Detroit Catholic High School Coaches Association.

A highlight of the sessions will be a Saturday luncheon honoring the area's high school "Coach of the Year" selected by all other coaches attending the clinic. Levi Jackson, Ford Motor Company Retail Personnel Services Manager, former captain of the Yale University football team and winner of the coveted Lowe award for football excellence, will speak at the luncheon. Other features of the clinic include a cavalcade of top college football films and a complete line of equipment exhibits.

Last year's Motor City clinic, held at Bishop Borgess High (continued on page 12)

LOOKING AHEAD — Belleville's Mark Williams (44) and John Yocum (50) head down-court in one of many plays of the 1969 campaign. The season heads into the stretch this week with the district playoffs and Belleville clashes with Bedford at Bedford tonight (Wed., March 5) in the first round of the playoffs at 8:30 p.m. Also at Bedford are Monroe and Adrian who play at 7:30 p.m. The two winners advance to the finals which are set for Friday night.

Belleville Sharp in Finale

BELLEVILLE — Belleville's basketball coach Al Gates asked his seniors to give the school something to remember by in their last game on their home court. And they did exactly that, overcoming a 2-0 deficit to win the game.

Belleville's 2-3 zone defense with both front guards pressing in check after they had raced to an early 6-0 lead on the first three baskets of the game.

Balanced scoring by Redford led them to an 18-12 second quarter scoring margin and a 31-26 intermission bulge. Both teams traded buckets throughout the period up to the last 90 seconds of the first half. With Belleville leading and tiring fast, coach Gates said later he should have called time-out then. He didn't and the visitors dumped in six fast points to gain the early lead.

In one of the most unusual oddities, Belleville did not get one free throw attempt the first half. It wasn't known if

this was a first time event but it sure happens seldom. However, as things turned out, Belleville didn't need a first half free throw.

They hit on 11 of 19 free throw attempts in the last half, while Redford sank only six of 14.

Belleville also led their visitors in shooting from the floor with 45 percent to 44 percent, canning 26 of 58 attempts. Union hit 24 of 55.

The Tigers' eventual 37-23 second half scoring margin was due mainly to their overall 43-27 edge in rebounds. Bob Fowlkes pulled in 14 caroms, while Yocum hauled in 12 and Norm Harrington 10.

Then came Gates' halftime "Give 'em something to remember you by" challenge. And it worked. The Tigers clawed their way to the first eight points in the third frame and it was Harrington leading the way. The steady Senior forward hit six of the eight quickies, with Fowlkes adding 5, and Yocum and Pettus two each. Redford Union was held to a mere nine points in the third quarter while the home team was running in 17 to take a 43-40 margin.

"I believe it was the best Norm's played this year," coach Gates said of Harrington's second half performance. And Fowlkes was all over the boards like he never has been before," Gates added. "Bob was stealing the ball, stopping Redford's fast-break and just doing a fine job in general. It was probably his best all-around game, even though he's scored more in others," Gates explained. And the coach also had high praise for Yocum's early game play and backboard work.

Belleville continued its fine play in the last quarter, outscoring their visitors, 20-14. In the second half, Belleville was stealing the ball and tying up Redford Union players repeatedly. In the matter of tie-ups and steals in the last half, Yocum, Fowlkes, Harrington, and Mark Williams each had three.

Belleville continued to grow stronger as the game went on. (continued on page 12)

'STORMIN' NORM' — Belleville's ball wizard Norm Harrington (dribbling) broke loose for 16 points Friday night to help the tigers wrap up the Suburban League season on the winning side of the column. Belleville disposed of Redford Union 64-54 to wind up 4-6 on the conference year.

PLAYOFFS BEGIN TONIGHT

Inkster Routs Romulus

Inkster put on a show Friday night to demonstrate why the Vikings are considered one of the best teams in the state this year and they used Romulus as their stage.

And Jerry Allison, who has been playing "second fiddle" to Viking captain William Healey, Duane Fox and

Richard Grayson, put on a solo for the fans and before the curtains were drawn he had collected 30 points in his team's 91-66 victory.

Allison pumped in 13 field goals and four free throws to get the Vikings rolling after a slow start. It was Inkster's 14 victory of the current

campaign — their 13th successive win.

Coach George Thompson's team, after losing their opener to non-league rival, Ecorse, bounced back to win the Mid-Wayne title and a berth in the top ten Class B teams in the state.

It appeared Romulus had the right formula ready for the Mid-Wayne champs as they pressured Inkster to a 21-18 first period. But Allison opened up in the second eight minutes of play, drilled in 10 points to help his team to a 45-36 halftime advantage.

Allison went on to score eight in each of the final two quarters.

The Vikings, as a team, whipped the Eagles 21-12 in the third period and 25-19 in the last frame.

Romulus, led by Larry Smith who came up with another stellar performance both offensively and defensively, had four of its five starters in double figures. Smith was high

with 20 points, while

Pageia supported him with 13 and Louis Davis chipped in 16.

Aside from Allison's 30 point performance, Inkster received 21 from Healey and Grayson added 19 while Fox settled for 12.

Inkster took on Grosse Ile at Grosse Ile last night in the first round of the district playoffs. Also slated to see action were St. Thomas and Carlson. The two will meet Thursday.

The finals at Grosse Ile are scheduled for Friday night at 7:30.

Romulus gets into the district playoff scene tonight (Wed., March 5) at Melvindale (continued on page 12)

THE SPORTS MERIDIAN

By Tom Mooradian

A Step In Right Direction

Dear Boss,

Got something to tell you. Do you remember when I told you about those basketball coaches and athletic directors getting together for supper at Seitz's to pick the Associated Newspapers' All-Area teams?

Well, we did.

And you got to hand it to Bigos, the owner. Instead of seating us in some niche of the restaurant, he moved us right out in the front — the main dining room — so that the public could see us at work.

Good public relations, huh?

Boss, I hope I'm not putting the cart before the horse, am I? Please let me explain.

In previous years I used to pick these teams and when the mamas and the papas and the sweethearts saw that their favorite was not on the team they'd come running at me. Now, I didn't mind the sweethearts — oh, but those mamas and papas. They can be mean — and I do mean mean!

Well, at the beginning of the season we got together with the coaches and the athletic directors and set up a Panel Of Four composed of Harry Hidenfelter, of Belleville; Don Domke, John Glenn; Bill Elliott, of Wayne Memorial and Bill Mills, of Cherry Hill.

All are athletic directors and know the name of the game.

We set aside Feb. 27, 1969 as the date to hold hearings on the candidates.

And, everyone in our area was represented.

Three hours of scholarly cage discussions produced some interesting dialogue and six candidates who were unanimous choices by the coaches and the athletic directors. Most of which led me to believe that we are finally on the right track.

We're through with this hit-and-miss business of a one man selection of these teams.

Making All-Area means a lot to these kids who week-after-week get out there and play ball for their school and any recognition we can give them, I feel, is a small way in saying: "Good work."

But, boss, as you know, everything is not perfect. Some argued on the method we used to select, others disagreed with the criteria used and few pushed their own carts.

I feel it is a step in the right direction.

A Couple Of Suggestions

Realizing that nothin' is perfect, we asked some of the members of the Panel what they thought and here is what Domke offered:

"That first team is a beautiful one and the movement towards unanimity shows that there was no question in anyone's mind that these boys belonged on the team.

"But when there is a question where two boys have almost equal talent and ability, I feel we should come up with another way of selection," he said.

Domke also questions the timing of the selections.

"I feel we are making the picks too soon. We should have the benefit of seeing these boys in the state tournaments.

"The state tournaments are a big part of the season and we are disregarding them," Domke added. "What if a player got

Huron Gives League Cage Champ a Scare

GROSSE ILE — Huron's Chiefs went on a scalping expedition to Grosse Ile last Friday night, but only managed to give the league leaders a close shave before dropping an 82-71 decision. Big Chief Rick Wasilewski, sank 25 points in the final regular season game. Little Chief Jim Inman played his last Huron Rouge League tilt and fired in 27 points to lead all scorers, but better balanced scoring led Grosse Ile to the 11-point victory.

There was seldom more than five points difference in the score during the game as both squads battled on the boards. But Grosse Ile's hot 58 percent from the floor spelled the difference as the Chiefs hit only 42 percent. The rebounds were just about even, while Grosse Ile missed only three of 13 free throws and Huron sank 11 of 21.

Centers Tom Lyons and Rick Wasilewski led their respective teams in a fast-paced first period that saw the score tied many times. Grosse Ile's Lyons hit on three from the floor and one from the charity circle and 6-1 stellar guard teammate

the steam needed to overtake their rival.

Al Michling hit on three buckets and two foul shots to pace his team's attack in the third quarter, while Wasilewski added five and Inman four. Wasilewski's rebounding and Inman's floor play continued to stand out. But they must have felt they were in the "Lyons' den" as the big 6-4 center tapped in five baskets and a free throw period. Lyons, who totaled 26 for the game, was a bee in the Chief's war bonnet all night. 6-2 forward Tom Kufzava aided Lyons by pumping in eight points during the eight-minute span.

Rick Nykiel, Grosse Ile's 6-1 forward, tossed in six points in the final stanza to help his club maintain their slender lead throughout the waning moments of the game. Jim Inman's hot hand accounted for 10 points in the final frame, but it was not enough as the Chiefs fell to the league champs, 82-71.

"Wasilewski and Inman both played a fine game," Huron coach Dave Court said later. "but we didn't have the

firepower to keep up with them." Besides Inman's game-high total of 27, Wasilewski had 25 and Al Michling accounted for 12.

Offsetting his three-man display was Grosse Ile's five men in double figures. Tom Lyons led with 26 points and got adequate help from

HURON

(continued from page 11)

Kufzava (15), Volk (14), Hackett (12), and Nykiel (11).

The loss gave Huron an 8-9 overall record and a 3-9 league mark, good for 7th place in the nine team conference. The Chiefs were slated to tangle with Flat Rock last night in the first round of the state basketball tournament at Flat Rock.

The Flat Rock squad's 8-4 Huron Rouge League record tied them with Monroe CC for fourth place and they have a 10-7 overall record. One thing must have been on Huron Coach Dave Court's mind as he prepared for the game. Flat Rock was the only team to derail champion Grosse Ile (10-1) this season, upending them in the first game of the year.

SHARP IN FINALE

(continued from page 11)

Fowlkes, Harrington and Tom Brown each had four points in the last period to go with Yocum's team-leading six. Dale Bjerke had five to lead the visitors and Barron chipped in a pair of baskets.

The Tigers never trailed in the last quarter, but the score was tied once. With five minutes left in the game, Fowlkes picked up his fourth

JET-AGE BASKETBALL - Caught at the height of action, this basketball player seems to be literally running through space as if in orbit. The unusual action picture was captured by ANP's Bill Balogh at a local high school game. Actually the player was not running, but had just leaped high up to snag the ball out of the air as it was tossed by an opponent team member.

foul and had to leave the game. But his replacement, 6-3 Junior Forward Tom Brown, fired in two quick baskets to raise Belleville's lead back up to five. Brown's first bucket was on a diving one-handed hook shot, and the second was an exceptional one-handed tip-in underneath the basket.

Redford Union moved to within three again, but Fowlkes returned to the Tiger line-up and scored on a long pass and a quick score. It was here Redford pressed to catch up and Belleville sank six of 11 last period foul line attempts. Belleville's victory reversed an earlier season 82-68 victory by Redford Union on the latter's court.

"This game should give us incentive as we prepare for the opening game of the state tournament," Gates said. "I think we're ready now for some real good ball." His Tigers are scheduled to play Bedford at Temperance, Michigan tonight at 8:30 p.m.

Earlier in the week Belleville hosted Romulus in a make-up game that had been postponed because of ice. Coach Gates probably wouldn't have minded a little ice on Tuesday night.

Romulus ripped the Tigers, 94-50, in a game they dominated from the opening tip. Larry Smith again led the Eagles, this time with 23, while teammates Lewis Davis (20) and Charles Johnican (18) aided immeasurably. The Eagles were all over the boards and they "shot out the lights" according to Gates. "Everything they threw up there went through," the disappointed mentor explained.

For the host Tigers, Bob Fowlkes had 14, Bob Harrington 9, John Yocum 8, and Garrade Pettus six.

CLINIC

(continued from page 11)

School in March, was attended by more than 700 coaches. Registrations for this year's event already are well past the 700 mark and climbing. There is a \$6 registration fee per coach.

George Allen, who heads the clinic this year will give the keynote address Friday evening. Allen was NFL Coach of the Year in 1967 when his Los Angeles team compiled an 11-1 and 2 record, tops in the NFL's Coastal division. In his three years at Los Angeles, Allen has compiled a 29, 10 and 3 record.

Before taking the top job at Los Angeles in 1966, Allen was defensive coach of the Chicago Bears for eight years under "Papa Bear" George Halas. He has also coached college teams at Morningside College in Iowa and Whittier College in California. Allen, a native Detroit and a 1947 graduate of the University of Michigan, is considered one of the foremost football experts in the nation. A brilliant organizer and outstanding team man, he has written five books on football drills, training, organization scouting.

Elliott, who also has had his share of the ecstasy and agony of coaching, believed that the Panel and the coaches made an honest effort to "pick the best possible team."

"But some of the coaches got carried away and, although I can't blame a coach for trying to get his boy on the team, we should try to eliminate any question of who deserves to belong and who doesn't."

Thanks, Boss

"In previous years everyone it appeared made 'All-Area' and it lost some of its meaning. This year I was against expanding the All-Area to three teams because it would lose its significance."

"But I enjoyed serving on the Panel and I would gladly serve again."

Well, that's about it, boss. I'll have the story and the pictures ready by next week. You say, never mind the story, you want to see the bill?

Ah, heck, boss there you go spoiling things again!

Van Buren Township Board Minutes

VAN BUREN TOWNSHIP BOARD
Minutes of
January 28, 1969

The meeting opened with Pledge of Allegiance to the Flag and was called to order by Supervisor Stoelton at 8:00 P.M.

Board members present: Payne, Hink, Domcik, Birk and Stoelton. Also, D. J. Brown, newly appointed secretary and 3 citizens.

Motion made by Domcik, supported by Hink, to approve the January 17 and 18 minutes as presented. Carried unanimously.

Correspondences were read by Clerk Payne, and acknowledged as follows:

- Brandon Rogers - re mobile home park on approximately 50 acres at Hannan Road in Van Buren Township. Supervisor asked for recommendation by board on zoning request. Planning Commission has been in agreement that we do need mobile park consultants. Clerk Payne will make contacts with Parkins, Rogers and Associates to determine if reconsideration of zoning request is in order.
- Huron River Water Shed Council - Clerk Payne read outline re Flood Damage Avoidance Program; proposed program should cost approximately \$5,000. Van Buren Township was asked to allocate \$100.00 toward this project.
- Motion by Hink, support Domcik, to send \$100.00 to Huron River Water Shed Council in support of Flood Damage Avoidance. Carried unanimously.
- Motion by Hink, supported by Domcik, to table two weeks request by Florence Panatowski for renewal sand removal due to the fact that the excavation above defined land be graded within life of permit. Supervisor Stoelton stated permit expired 1-8-69 and that no new permit was applied for since the expiration date. New Topographical Survey Map would have to be made. Carried unanimously.
- A motion by Domcik, supported by Hink, that we rescind the motion of 1962 for monies for Canton Township water connection. Carried unanimously.
- A motion by Hink, supported by Domcik, to pass adoption of Van Buren Traffic Code Ordinance contingent on the approval of Township attorney and/or judge. Carried unanimously.
- Motion by Payne, support Hink, encouraging all members of Township Board to attend American Water Works Association Seminar in San Diego, May 18 through May 23, 1969. Attendance by Board Members has been approved in the budget. Carried unanimously.
- A motion by Domcik, supported by Hink, that Wayne County Road Commission continue use of Dust Palliation. Carried unanimously.
- A motion by Payne, supported by Domcik, for establishing new Township 5-man Water and Sewer Committee, first meeting to be held February 3, 1969, 7:30 p.m. Carried unanimously.
- Motion by Domcik, support Birk, to pay bills as per vouchers. Carried unanimously.
- Supervisor Stoelton referred to letter from Henry Sietz, Director, Civil Defense, we now own a jeep purchased for the water department. Supervisor recommended that he, Price, and one more man

continue on Civil Defense program.

A motion made, supported and carried, the meeting adjourned at 9:00 P.M.

Erma J. Payne, Clerk
Van Buren Township
Accepted as presented
Date: 2-11-69

VAN BUREN TOWNSHIP BOARD
MINUTES OF
FEBRUARY 11, 1969

The meeting opened with Pledge of Allegiance and was called to order by Supervisor Stoelton at 8:00 p.m. Board members present were: Payne, Hink, Domcik, Maton, Birk and Hogan. Also present Attorney Hopson and four citizens.

A motion by Domcik, supported by Birk, to approve the January 28 Minutes as presented. Carried unanimously.

Correspondences were read and acknowledged as follows:

South Eastern Council of Governments

Invitation of membership regarding units of government to get together on parks, recreation, air and water pollution, etc. Trustee Hogan inquired re cost involved in joining council and stated that if it's only a nominal annual fee, then it would be beneficial to join. Motion by Hogan, support Maton, to table until more information on cost is received. Carried unanimously.

Planning Commission

Re Brandon Rogers - cost was obtained year ago from Parkins and Rogers. Motion by Maton, support Hogan, to table until next meeting in order to get more facts re cost to us, retainer, etc. Carried unanimously.

Wayne County Road Commission

Acknowledged and filed.

Florence Panatowski - regarding renewal of sand removal permit. O'Brien and Price called in on this project. Work is in process, but not completed. Board cannot do anything else until topo is met and release presented by O'Brien.

Lettering Township Hall - quotes have been received on 12" and 15" letters. Motion by Domcik, support by Hink to table until more prices are obtained on letter sizes, whether letters should be lit or unlit, etc. Carried unanimously.

Estimates Water and Sewer Construction, Morris Levine - Motion by Maton, supported by Hogan, authorizing Wayne County Road Commission to pay from the bond proceeds the firm of Morris Levine and Associates in the amount of \$15,344.93. Roll call vote carried unanimously.

Motion by Domcik, supported by Birk, authorizing Wayne County Road Commission to pay from the bond proceeds Greenfield Construction sewer estimates in the amount of: \$165,339.48; \$74,283.22; and \$45,262.62. Roll call vote carried unanimously.

Motion by Hink, support Domcik, to include amendment in Van Buren Township Traffic Code Ordinance to read, "all penalties, fines, and costs imposed for violations of this code shall be as determined by law."

Motion by Hogan, support Hink, to advertise for sealed bids on cost to construct two additional rooms on Van Buren Township Hall. Township officials are in need of more

"The CaliFOURNians" - The above attractive quartette calling themselves 'The CaliFOURNians,' includes Dan Young (drummer) of Belleville (left). The group will appear at the Islands Supper Club in Phoenix, Arizona from March 12 through April 16 and then return to the Golden Pheasant Supper Club in Anaheim, California where they hold down a six-nights-a-week engagement. Left to right are Young, who also sings; Mrs. Annie Nairn, vocalist; Colleen Anderson, pianist-organist and vocalist; and leader D. E. 'Dusty' Naim, electric bass.

Ladies Unit At Grace Elect Slate

office/storage space as well as a conference room for the judge. Carried unanimously.

Motion by Hink, support Hogan, to accept agreement to tap into other communities water and sewer. Carried unanimously.

Motion by Maton, support Domcik, for approval to send two ladies in Water Department to the Waterford Township Water Meeting. Four-hour session whereby new types of machines and equipment are shown, would be beneficial to office staff. \$5.50 per person. Carried unanimously.

Motion by Hink, support Domcik, approving proposal submitted by Van Buren and Wayne County Planning Commission regarding area Lilley and Van Born Roads rezoning to light industrial. Wayne County Health Department agreed to rezoning. Carried unanimously.

Motion by Maton, supported by Domcik, to withhold approval of rezoning property on SW corner of Hull and Martinsville Roads until future waste disposal problems can be resolved. Carried unanimously.

Motion by Domcik, supported by Hink, recommending approval to be certain that storm water disposal problem is worked out during engineering development of area west of Belleville Road between I-94 and Tyler Roads. Carried unanimously.

Motion by Domcik, support Hink, that Township Clerk Payne attend Clerks Conference in St. Louis, Missouri, May 18 through 21 as well as additional course preceding Conference, May 15-17, re parliamentary law. Carried unanimously.

Clerk Payne stated that all financial reports should not be accepted as submitted; they must be "filed for audit."

Motion by Maton, support Hogan, to receive and file for audit all Water Department reports. Carried unanimously.

Motion by Domcik, support Birk, that Joel Rogers and Don F. Ditar kennel licenses be renewed. Carried unanimously.

Motion by Hogan, support Birk, authorizing for engineering contractor to go ahead with plan as presented to township by water and sewer committee; 1 million dollars for water and two million dollars for sewer. Carried unanimously.

Board was asked to investigate number of homes from Beck Road east to Belleville Road along Ecorse re installation of water line on north side of Ecorse. Residents should be contacted in order to determine who would tap into the water service.

Motion by Hink, support Maton, to approve Van Buren join in existing downriver interceptor. Carried unanimously.

Motion by Maton, supported by Hogan, to accept the January-February Police Department report as presented. Carried unanimously.

Motion by Birk supported by Hink, that Fire Department No. 1 report be accepted as given. Jeep has been purchased for brush fires. Payroll of \$345.00. Carried unanimously.

Motion by Hogan, supported by Maton, that Building Department report be accepted as presented. Carried unanimously.

Motion by Domcik, support Maton, to accept as presented the Dog Warden's report. Carried unanimously.

Maton stated that township dog warden has written letters to surrounding townships in regard to their dog ordinances and also in regard to a national dog ordinance.

Maton was asked to check into franchise renewal problem.

Motion by Maton, supported by Birk, to pay bills as per vouchers. Carried unanimously.

A motion duly made, supported and carried the meeting adjourned at 10:30 P.M.

Romulus Western Riders Hold 4-H Meet, Party

ROMULUS - Romulus Western Riders 4-H members held a combination business meeting and birthday party Saturday evening, March 1, at the 4-H Fairgrounds near Belleville.

The party honored the 15th birthday of Debbie Dziobak and the 16th birthday of James Smith.

There were two layer cakes in honor of the occasion, which was planned as a real surprise for the two members. The cakes were served with soft drinks at the close of the evening.

President Flora Diepenhorst conducted the business meeting and several items of business were discussed concerning 4-H Spring Achievement Day which will be held at Huron High School March 15; the Wayne County Benefit Horse Show of Saturday, May 31 (each county horse member is asked to sell \$7 in ads for the program to help raise money).

Mrs. F. Hay announced that 4-H Chorus rehearsals have begun and will be held on Tuesdays at 7 p.m. unless otherwise notified. Mrs. Ada Scott of Romulus is the new 4-H Chorus director.

Moose Notes

by George W. Steger

The Loyal Order of Moose, Belleville Lodge No. 934 held, an Enrollment on Saturday, March 1, 1969 at the Moose Home. This was a candlelight ceremony.

Seven new members were enrolled: Samuel Pancake, Albert Spaulding, John Vacek Jr., Wilfred LaPensee, Johnie Music, James Nelson, Robert Ciphers with Wilfred LaPensee as the class representative.

A delicious roast beef dinner was served by the Women of the Moose. Dancing was enjoyed after the Enrollment to the music of "The Al-Doms".

Tonight (Wednesday, March 5) there will be an officers meeting at the Moose Home at 7 p.m., also a joint officers meeting.

Our next enrollment will be held on Saturday, April 19. So let's try and have an outstanding class for this occasion. Get those applications in ample time to be properly processed. The April 19th Enrollment will be in honor of our Junior Past Governor Art LaPorte.

Very happy to see Brother Harold Simpson back with us after his recent stay in the hospital.

Congratulations to Brother Clyde Bower one of our Tuesday night Moose Team bowlers, bowling at Lodge Lanes, Clyde bowled a 288 game and 729 series. (Keep up the good work, Clyde).

Electrical boys, Steven Dziobak and Gerald Diepenhorst also plan to exhibit at Achievement. Their leader is H.L. Smith, with James Smith, as Junior Leader.

Conservation members and their leader, Pearl Varner, are planning a trip to Jack Miner's Bird Sanctuary in Canada sometime during March. They have invited all club members

Boat Safety Classes Readied; Alert Youth

Untrained youngsters 12 through 15 years old are reminded by the Department of Natural Resources that watercraft safety classes are being readied across Michigan to help keep them from being "dry-docked" during the 1969 boating season.

Under a law which took effect at the start of 1968, youths in this age group must successfully complete DNR-sanctioned courses before they can operate motorboats of six horsepower or more without adult supervision.

Last year, about 66,000 youngsters passed their mandatory training and

officials of the Department's Boat and Water Safety Section estimate that some 30,000 more are in line for the same type of instruction during 1969.

Young boaters-to-be have little time to sign up for classes to be offered this winter. They should promptly contact local sheriffs' departments, U. S. Power Squadrons, or U. S. Coast Guard Auxiliary Flotillas.

Those unable to find training courses available in their communities are urged to get in touch with the DNR's Boat and Water Safety Section in Lansing (Zip Code 48926).

Outside Group Sets St. Patrick's Dance

BELLEVILLE - The Huron Valley Conservation Association's next social function is the St. Patrick's Day Dance to be held on Saturday, March 15 at the P.N.A. Hall, located at Sumpter and Harris Road, just South of the City of Belleville.

Dancing will be to the music of the "Warlocks." Door prizes, snacks, setups, will be available. The call of the Irish is awaiting you, so come on out and have a good time starting at 9 p.m.

Members of HVCA are reminded that there is a membership meeting March 10, 7:30 p.m. at Rogalle's meeting room. Come early if you are interested in seeing a MUCC's film which will be shown at 7 p.m.

There is a big agenda planned for this meeting and also another film to be shown by the Wayne County Sheriffs Marine Safety Division on Coho fishing. And if the film of the association's recent snowmobile event is ready, it will be shown after the meeting.

All sportsmen who are not

members of HVCA, are welcome to come to membership meetings and to view proceedings if they so wish, before making a decision to join the association.

Is AF Graduate

NEW BOSTON - Airman Gary A. Gorham, son of Mr. and Mrs. Richard L. Gorham, 19325 Wahrman, has been graduated with honors at Chanute AFB, Ill., from the training course for U.S. Air Force jet engine mechanics.

Airman Gorham, a 1968 graduate of Huron High School, is being assigned to Grand Forks AFB, N.D., for duty with a unit of the Strategic Air Command.

Pay Dividend

LINCOLN PARK - Lowell L. Peacock, president of Security Bank and Trust Company, has announced that a quarterly cash dividend of 30 cents per share be declared, payable April 1, 1969, to shareholders of record as of March 15, 1969.

TOWNSHIP OF ROMULUS BUILDING AUTHORITY ORDINANCE NO. 1

AN ORDINANCE PROVIDING FOR THE ACQUIRING, FURNISHING AND EQUIPPING BY THE TOWNSHIP OF ROMULUS BUILDING AUTHORITY OF A MUNICIPAL BUILDING AND A LIBRARY, TOGETHER WITH SITE, PARKING AND APPURTENANCES FOR THE USE OF THE TOWNSHIP OF ROMULUS; PROVIDING FOR THE ISSUANCE OF REVENUE BONDS TO DEFRAY THE COST THEREOF; AND PROVIDING FOR OTHER MATTERS RELATIVE TO SAID IMPROVEMENTS AND SAID BONDS.

PREAMBLE

WHEREAS, the Township of Romulus Building Authority (hereinafter referred to as the "Authority"), has been duly incorporated by the Township of Romulus, a municipal corporation of the State of Michigan, pursuant to the provisions of Act 31, Public Acts of Michigan, 1948 (First Extra Session), as amended, for the purpose of acquiring, furnishing, equipping, owning, improving, enlarging, operating and/or maintaining a building or buildings, automobile parking lots or structures thereon and the necessary site or sites therefor for lease to and the use of the Township of Romulus; and

WHEREAS, the Authority, pursuant to Act 31, Public Acts of Michigan, 1948 (First Extra Session), as amended, and its Articles of Incorporation, proposes to acquire, furnish and equip for the Township a new municipal building and a new library, together with a single site therefor, parking facilities and all related appurtenances, said improvements to be situated on land more particularly described in the contract hereinafter set forth; and

WHEREAS, the total cost of acquiring, furnishing and equipping said project is estimated to be the sum of One Million Nine Hundred Seventy-five Thousand (\$1,975,000.00) Dollars, which will include the costs of site purchase and development, including parking, acquiring, furnishing and equipping the buildings, architects' fees, legal and financing fees, eight months' capitalized interest on the bonds and contingencies; and

WHEREAS, the Authority proposes, in accordance with the authorization contained in Act 31, Public Acts of Michigan 1948 (First Extra Session), as amended, to provide at this time for the issuance of revenue bonds in the aggregate principal sum of One Million Nine Hundred Seventy-five Thousand (\$1,975,000.00) Dollars to finance the cost of said project; and

WHEREAS, said Authority and the Township of Romulus have entered into a contract for the leasing of said project, which said contract is herein set forth in full and made a part of this Ordinance as follows:

LEASE

MADE AND EXECUTED this 20th day of February, 1969, by and between the TOWNSHIP OF ROMULUS BUILDING AUTHORITY, a public corporation organized and existing under the authority of Act 31, Public Acts of Michigan, 1948 (First Extra Session), as amended, (hereinafter referred to as the "AUTHORITY"), and the TOWNSHIP OF ROMULUS, a Michigan municipal corporation organized and existing under the Constitution and laws of the State of Michigan (hereinafter referred to as the "TOWNSHIP");

WITNESSETH:

WHEREAS, the AUTHORITY has been incorporated under and in pursuance of the provisions of Act 31, Public Acts of Michigan, 1948 (First Extra Session), as amended, for the purpose of acquiring, furnishing, equipping, owning, improving, enlarging, operating and/or maintaining a building or buildings, automobile parking lots or structures thereon, and the necessary site or sites therefor for the use of the TOWNSHIP; and

WHEREAS, the TOWNSHIP desires to acquire the use of a new municipal building and a new library, together with a single site therefor, parking facilities and all related appurtenances, as hereinafter described (which new buildings and the site therefor are herein sometimes called "Project"), and the AUTHORITY is willing to acquire, construct and develop said Project and lease the same to the TOWNSHIP; and

WHEREAS, if this agreement were not executed between these parties, the TOWNSHIP would be compelled to acquire said improvements by other means in the foreseeable future to provide the necessary facilities for municipal purposes in order to protect the public health, safety and welfare of the citizens of the TOWNSHIP, at a cost to the TOWNSHIP greater than the rental required to be paid hereunder; and

WHEREAS, the site upon which said Project will be constructed and developed is a certain parcel of land described in Exhibit A attached hereto and made a part of this Lease, unencumbered fee simple title to which will be acquired by the AUTHORITY pursuant to this Lease; and

WHEREAS, the total cost of the Project is estimated to be in the sum of One Million Nine Hundred Seventy-five Thousand (\$1,975,000.00) Dollars, which will include the architects' fees, legal and financing fees, site costs, eight months' capitalized interest and contingencies; and

WHEREAS, the cost of said Project is to be provided by authorizing the issuance of revenue bonds by the AUTHORITY pursuant to the provisions of Act 94, Public Acts of Michigan, 1933, as amended; and

WHEREAS, as a prerequisite to the authorization and issuance of said bonds, it is necessary for the parties hereto to enter into a final lease contract whereby the AUTHORITY will lease to the TOWNSHIP and the TOWNSHIP will hire from the AUTHORITY the said Project for a period extending beyond the last maturity date of the said bonds, but not to exceed a period of forty (40) years;

IT IS, THEREFORE, AGREED BY AND BETWEEN THE PARTIES HERETO, for and in consideration of the agreement and covenants of each other and moneys to be paid one to the other, as follows:

1. The TOWNSHIP will, promptly upon delivery of the bonds herein referred to, sell and transfer to the AUTHORITY unencumbered fee simple title to the parcel of land described in the preamble hereto, for use by the AUTHORITY solely as a site for the buildings to be constructed by said AUTHORITY for the TOWNSHIP pursuant hereto. The AUTHORITY agrees to purchase said property from the TOWNSHIP for the sum of \$67,846.00 and to use such property for said purpose.

The AUTHORITY will, on or before March 1, 1969, enter into a final contract for the construction of said Project as described in the preamble hereto, in accordance with detailed plans and specifications as prepared by O'Dell, Hewlett & Luckenbach, Inc., architects, of Birmingham, Michigan, said Project to be completed for the use of the TOWNSHIP on or before June 1, 1970, provided that no final construction contracts shall be entered into by the AUTHORITY until revenue bonds to defray the cost thereof have been sold.

2. In consideration of the rentals and other terms and conditions herein specified, the AUTHORITY does hereby let and lease to the TOWNSHIP the Project to be acquired and constructed and the site therefor, TO HAVE AND TO HOLD for a term commencing on or before June 1, 1970, and ending on a day forty (40) years from the date hereof, or such lesser period as may be authorized by the provisions of this contract.

3. The annual rentals to be paid by the TOWNSHIP shall be One Hundred Fifty-one Thousand Three Hundred Fifty (\$151,350.00) Dollars, payable on the fifteenth day of April, 1970, and on the fifteenth day of April each year thereafter (which annual rental is hereinafter called "fixed annual rental").

The fixed annual rentals herein required are in an amount sufficient to meet, as they mature, the principal and interest payments on the revenue bonds to be issued by the AUTHORITY in the total authorized principal sum of One Million Nine Hundred Seventy-five Thousand (\$1,975,000.00) Dollars, and to provide for a debt service reserve therefor, and after establishment of said reserve, to provide funds to call bonds prior to maturity.

In the event an increase in the fixed annual rentals herein provided becomes necessary in order to provide adequate funds for the AUTHORITY to meet its debt service requirements on the bonds issued and outstanding, and the necessary reserve requirements, the TOWNSHIP agrees to pay the increased annual rental.

The TOWNSHIP, in its sole discretion, in any annual period, may pay in advance any portion of its fixed annual rental in excess of the annual requirement, in which event the AUTHORITY shall credit the TOWNSHIP with advance payment of such future fixed annual rental requirements as may be specified by the TOWNSHIP, in the amounts prepaid.

4. The TOWNSHIP, at its own expense during the term of the within lease, shall operate, maintain and keep in repair the Project, and the expense in connection therewith shall be borne and paid by the TOWNSHIP, in addition to all other rentals herein required. Operation and maintenance shall be deemed to include, but not to the exclusion of any other items not herein specified, lighting, heating, snow and debris removal, painting and such other repair and maintenance items as are necessary to provide for efficient operation of the Project and to keep the same in good repair and working order, providing such attendants and janitorial service as may be necessary, securing proper insurance coverage, and paying all the administrative cost of the AUTHORITY.

5. The TOWNSHIP will include in its budget for the fiscal year commencing April 1, 1969, and shall include in its budget for each fiscal year thereafter, an amount sufficient to pay the total obligations under this contract, including the fixed annual rentals and the operation and maintenance costs of the Project as herein specified for the next ensuing fiscal year. The fixed annual rentals and obligations for operation and maintenance costs specified in this contract shall be deemed to be an operating expense of the TOWNSHIP. On or before September 1st of each and every fiscal year the TOWNSHIP shall prepare a statement of the moneys to be included in the next ensuing fiscal budget for the fixed annual rentals and operation and maintenance costs of the Project. The AUTHORITY shall have the right and privilege to communicate directly with the Board of Trustees of the TOWNSHIP regarding any disrupted items in said budget, and in any

event the budget shall be reasonably adequate to cover the obligations of the TOWNSHIP herein contained in this Lease. In no event shall the amounts to be included by the TOWNSHIP in its annual budget for the maintenance, operating and rental expenses in connection with this Lease be less than the amount required to reasonably maintain said Project and to pay promptly and fully all obligations maturing under this Lease, as well as the debt service in connection with any revenue bonds issued, or to be issued, by the AUTHORITY in connection with the acquisition, improvement and leasing of the Project, and in no event shall the TOWNSHIP'S obligation in any such annual budget be less than the amount required by law.

6. The TOWNSHIP may install in the Project such equipment or fixtures as it may desire, but shall not make any permanent alterations to the Project without the written consent of the AUTHORITY.

7. The TOWNSHIP covenants and agrees that it will not permit the use of the leased premises in any manner that will substantially increase the rate of insurance thereon, or for any purpose which will result in a violation of local, state or federal laws, rules or regulations, now or hereafter in force and applicable thereto, and shall keep the AUTHORITY harmless and indemnified at all times against any loss, cost, damage or expense by any accident, loss, casualty or damage resulting to any person or property through any use, misuse, or nonuse of said premises, or by reason of any act or thing done or not done on, in or about said leased premises or in relation thereto. The TOWNSHIP further covenants and agrees that it will promptly, and at its own expense, make and pay for any and all changes and alterations in or about the leased premises, which, during the terms of this Lease, may be required to be made any time by reason of local, state or federal laws, and to save the AUTHORITY harmless and free from all cost or damage in respect thereto.

8. To carry out the acquisition and improvement of the Project and the financing thereof in accordance with the provisions of Act 31, Public Acts of Michigan, 1948 (First Extra Session), as amended, the following actions shall be taken by the AUTHORITY:

(a) The AUTHORITY will, immediately upon the execution of this Lease, enact the necessary ordinance to authorize the issuance of revenue bonds in the aggregate principal sum of One Million Nine Hundred Seventy-five Thousand Dollars (\$1,975,000.00) Dollars, pursuant to the authorization contained in Act 31, Public Acts of Michigan, 1948 (First Extra Session), as amended, being the amount estimated to be sufficient to pay the full cost of the acquisition, construction and development of said Project, together with architects' fees, legal and financing expenses, eight months' capitalized interest and contingencies. The AUTHORITY will offer for sale and take such other necessary legal procedures as may be necessary to sell said bonds as soon as final construction bids have been received, said bids to be held for final acceptance pending sale of said bonds.

(b) The AUTHORITY will, immediately upon the sale of the bonds herein provided for, but prior to the delivery thereof, enter into and execute contracts for the acquisition, construction and developing of said Project in accordance with the plans and specifications therefor prepared and approved by the AUTHORITY and the TOWNSHIP, and no changes in said plans and specifications shall be made by the AUTHORITY without the consent of the TOWNSHIP, said contracts to specify a completion date of not later than June 1, 1970. The AUTHORITY shall not execute any contract in connection with the acquisition, construction and development of said Project until the same has been approved by the Board of Trustees of the TOWNSHIP.

(c) The AUTHORITY will require and secure from any contractor undertaking the construction of said Project necessary and proper bonds to guarantee the performance of said contract, in such amount and in such form as may be approved by attorneys of the TOWNSHIP, and such labor and material bonds as are required by law.

(d) The AUTHORITY will, immediately upon receipt of the proceeds of the sale of the revenue bonds, comply with all requirements provided for in the ordinance relative to the disposition and use of such proceeds.

(e) In the event for any reason there are not sufficient funds to complete the acquisition, construction and development of the Project, and additional funds become necessary therefor, it is agreed by the parties hereto that either of the following methods of providing said additional funds shall be used:

(1) The TOWNSHIP may pay the necessary funds as additional advance rentals and obtain credit or repayment therefor out of future rentals due under the terms of this contract after all outstanding revenue bonds of the AUTHORITY issued in connection with this Project are paid.

(2) This Lease may be amended to increase the amount of the fixed annual rental to be paid by the TOWNSHIP in an amount fully sufficient to amortize additional revenue bonds issued by the AUTHORITY to provide sufficient funds to complete the Project.

9. The AUTHORITY shall deliver possession of the space leased by this contract to the TOWNSHIP not later than June 1, 1970. In the event the acquisition, construction and development of the Project for reasons unforeseen is not completed by that date, the obligation of the TOWNSHIP for the payment of the fixed annual rentals shall in any event remain in full force and effect in order to provide for the payment of interest and principal on the revenue bonds issued by the AUTHORITY.

10. There shall be no abatement of the fixed annual rentals required to be made by the TOWNSHIP in the event of a casualty that results in the Project being not tenable. If, in the judgment of the AUTHORITY the funds received from any insurance policies, or otherwise, shall be insufficient to make the Project usable or tenable, then, in that case, the AUTHORITY shall hold and/or invest the funds paid to it by reason of such loss for the benefit of the holders of outstanding revenue bonds of the AUTHORITY, and when upon receipt of sufficient rentals from the TOWNSHIP which, together with the proceeds of the insurance, will be sufficient to pay the principal and interest upon all outstanding revenue bonds of the AUTHORITY, said moneys shall be deposited by the AUTHORITY in trust for the benefit of the bondholders and used to pay the principal and interest on said bonds as they mature or as said bonds become callable. Such funds so held may be invested in bonds, notes, bills and certificates of the United States of America.

11. The TOWNSHIP shall provide liability insurance in an adequate amount protecting the AUTHORITY and the TOWNSHIP against loss on account of damage or injury to persons or property, imposed by reason of the ownership of the Project, or resulting from any act of omission or commission on the part of the AUTHORITY, or the TOWNSHIP, their agents, officers and employees, in connection with the operation, maintenance or repair of said Project, or the furnishings of any service to the TOWNSHIP, the AUTHORITY shall require a sufficient fidelity bond from any person handling the funds of the AUTHORITY.

12. The leasehold rights, duties and obligations of the TOWNSHIP, as specified in this contract, shall not be assigned nor sublet in whole or in part during the terms of this contract or while any of the revenue bonds of the AUTHORITY issued for the purpose of defraying the cost of the Project are outstanding and unpaid; provided, however, that the TOWNSHIP may provide space in the Project for the local District Court.

13. The AUTHORITY, its agents, servants, or employees, shall have the right at all times of entering upon the leased premises for the purpose of inspecting said property and determining whether all of the terms, agreements, covenants and conditions herein contained are being complied with.

14. The TOWNSHIP covenants and agrees that it will continue to pay to the AUTHORITY, in accordance with the terms of this contract, the fixed annual rentals herein specified and the operation and maintenance costs of the Project herein established, without abatement for any cause or reason whatsoever, until the principal and interest of all revenue bonds issued by the AUTHORITY to finance the cost of acquisition, construction and development of the Project are paid in full.

15. The TOWNSHIP covenants and agrees that if, before all revenue bonds issued by the AUTHORITY to defray the cost of the Project have been retired, default shall at any time be made by the TOWNSHIP in payments of the fixed annual rentals or operation and maintenance costs, as herein required, the AUTHORITY shall have the right to use all the remedies provided by law to correct said default, including those specifically set forth in Act 94, Public Acts of Michigan, 1933, as amended.

In addition to the other remedies provided by law, the parties hereto recognize the rights and remedies which exist in bondholders by virtue of the provisions of Act 94, Public Acts of Michigan, 1933, as amended, and ordinance to be enacted by the AUTHORITY providing for the issuance of revenue bonds under the provisions of said Act, as provided for and authorized by the provisions of Act 31, Public Acts of Michigan, 1948 (First Extra Session), as amended.

16. The AUTHORITY and the TOWNSHIP each recognize that the holders from time to time of the revenue bonds of the AUTHORITY issued pursuant to law to defray the cost of the Project will have contractual rights in this Lease, and it is, therefore, covenanted and agreed by each of them so long as any of said revenue bonds shall remain outstanding and unpaid, the provisions of this Lease shall not be subject to any alteration or revision which would in any manner unfavorably affect either the security of the bonds or the prompt payment of principal or interest thereon. The AUTHORITY and the TOWNSHIP further covenant and agree that they will each comply with their respective duties and obligations under the terms of this Lease promptly, at the times and in the manner herein set forth, and will not suffer to be done any act which would in any way impair the said

bonds, the security therefor, or the prompt payment of principal and interest thereon.

17. Any notice necessary or proper to be given to any of the parties hereto may be served in the following manner:

(a) If to the AUTHORITY, by delivering the same to any member of the Commission thereof.

(b) If to the TOWNSHIP, by delivering the same to the Township Clerk or his deputy.

18. This Lease shall remain in full force and effect for a period of forty (40) years from the date hereof, or until such lesser time as the revenue bonds issued by the AUTHORITY to defray the cost of the Project are paid in full. At such time within the forty-year term as all of said revenue bonds and the interest thereon are paid, this contract may be altered or changed by consent of the parties hereto, or the same may be terminated by consent and title to the Project conveyed to the TOWNSHIP in manner contemplated by Act 31, Public Acts of Michigan, 1948 (First Extra Session), as amended.

19. The TOWNSHIP fully recognizes that the AUTHORITY, pursuant to the authorization provided in Act 31, Public Acts of Michigan, 1948 (First Extra Session), as amended, will issue its revenue bonds in anticipation of and secured by a pledge of the fixed annual rentals to be paid by the TOWNSHIP to the AUTHORITY pursuant to this agreement to provide the funds necessary to acquire the Project, and that by reason thereof said fixed annual rentals provided in this agreement are contract obligations in anticipation of which the bonds of the AUTHORITY are to be issued, and the following quoted provision of the Michigan Constitution of 1963, being the applicable portion of Section 6, Article IX thereof, applies to the obligation of the TOWNSHIP to provide the funds to pay said fixed annual rentals, to wit:

"—The foregoing limitations shall not apply to taxes imposed for the payment of principal and interest on bonds or other evidences of indebtedness or for the payment of assessments or contract obligations in anticipation of which bonds are issued, which taxes may be imposed without limitation as to rate or amount."

By virtue of said constitutional provision the obligation of the TOWNSHIP to pay the fixed annual rentals under this agreement is a general obligation of the TOWNSHIP, and said TOWNSHIP does hereby covenant and agree that, to the extent necessary to raise the sums to meet its fixed annual rentals under the terms of this agreement, in anticipation of which the revenue bonds of the AUTHORITY are to be issued, it will levy annually as required taxes for such purpose upon all taxable property in the TOWNSHIP, without limitation as to rate or amount, provided, however, that if a court of competent jurisdiction, by final order, judgment or decree, determines that said quoted constitutional provision is inapplicable to the fixed annual rentals provided in this agreement, the TOWNSHIP does nevertheless fully recognize and affirm its duty and obligation under the law and this agreement to include the amount of said fixed annual rentals in its annual budgets, as hereinbefore provided, and to pay the same out of Township general funds as an essential annual operating expense of the TOWNSHIP.

20. The AUTHORITY covenants that the TOWNSHIP, upon compliance with the terms of this Lease, shall and may peacefully and quietly have and hold and enjoy the leased premises for the terms herein provided.

21. This contract shall inure to the benefit of and be binding upon the respective parties hereto, their successors and assigns.

22. If for any reason the revenue bonds hereinbefore mentioned cannot be lawfully sold, or in the further event the parties hereto shall not agree upon the specifications of the Project and as a result of said disagreement none of the revenue bonds are issued by the AUTHORITY, this agreement shall be of no force and effect: Provided, however, that in no event shall this agreement become null and void if the said revenue bonds mentioned above are sold and issued by the AUTHORITY.

IN WITNESS WHEREOF, the Township of Romulus Building Authority, by its Commission, and the Township of Romulus, Wayne County, Michigan, by its Board of Trustees, have each caused its name to be signed to this instrument by its duly authorized officers and its seal to be affixed hereto the day and year first above written.

This contract has been executed in duplicate.

Wayne County Approves Fair Employment Agency

Wayne County will have the first county-level fair employment agency in Michigan.

Opening of the office has been authorized by the County Board of Supervisors as a move to combat discrimination on grounds such as race and religion on the hiring and promotion of county employees.

The Board of Supervisors, (meeting Feb. 20), also moved to improve law enforcement by authorizing the hiring of 15 additional guards for the county jail, two attorneys and two office workers for the prosecuting attorney, and five probation officers for Detroit Recorder's Court. The county shares the cost of Recorder's Court.

Expenditure of up to \$33,200 for establishing and staffing of the Office of Human Relations was approved by the supervisors. The salary for the director of human relations was set at \$17,961. The balance of the appropriation is for a secretary and office expenses.

FUNDS FOR the new office and for the additional law enforcement positions were included in the budget for the current fiscal year by the former Board of Supervisors. Filling of all new positions in county government was frozen by the old board, pending review of the need for each new position.

The Michigan Civil Rights Commission recently studied hiring and promotion patterns in the county government at the request of the Board of Supervisors. The study concluded that evidence of racial discrimination existed.

In recommending immediate

creation of the fair employment agency, the Supervisors Human Relations Committee, headed by 5th District Supervisor William L. Dunbar, of Detroit, described the move as "long overdue."

The office is expected to be functioning within a few weeks. The director will be chosen from an eligible list of three persons. The list was established by the County Civil Service Commission on a basis of competitive examinations taken by all the applicants. Nearly 100 persons applied.

In recommending the additional probation officers for Recorder's Court, the Supervisors Judiciary Committee reported that probation caseloads at the court are "substantially in excess" of the levels recommended by the Michigan Department of Corrections. Seventh District Supervisor Eugene A. Sikora is chairman of the Judiciary Committee.

IN OTHER action, the Board of Supervisors:

- Approved an application for \$46,667 in Federal funds to help finance a six-month extension of a \$70,000 study designed to blueprint a comprehensive plan for crime control and prevention in Wayne County.

- Approved an application for \$127,036 in funds from the U.S. Public Health Service for continued Federal support of the Artificial Kidney Center at Wayne County General Hospital. A current federal grant expires June 30. The center, which maintains a total of 16 victims of kidney failure, is the largest artificial kidney unit in the Midwest and one of the three largest in the nation.
- Set the county's legislative

goals for the current session of the State Legislature. The county will urge the state to take over a greater share of the cost of caring for the sick, dependent children, and the mentally ill, and the cost of the court probation departments.

Many dignitaries were present who represented the Rebekah Assembly, past and present district officers, as well as past Noble Grands. All were introduced, and given the recognition they were entitled to.

Local Astral Rebekah Lodge Holds An Annual Visitation

BELLEVILLE — The Astral Rebekah Lodge No. 250 of Belleville was host to various Lodges of the Southwest Wayne Rebekah District Number Nine on Thursday evening, Feb. 27.

Members present were from Detroit, Garden City, Wyandotte, Wayne, Dearborn and Flat Rock. In all a total of 95 were in attendance.

The warden presented the flag. All pledged allegiance to our country and then joined in singing the Star Spangled Banner. The chaplain opened the Bible and gave the invocation. All repeated the Lord's Prayer, and the meeting opened.

THE PRESIDENT of the

Southwest Wayne Rebekah District Number Nine, Mrs. Velna Larson, was presented with a gift of money from Astral Lodge as their contribution, toward her project for the year. Mrs. Larson in turn presented Helen Natelli, (Noble Grand of Astral Lodge) with the President's Emblem of the year, which represents the symbol of "Harmony and Praise".

Mrs. Mabel Alexander, past president of the Rebekah Assembly, gave a few remarks,

in which she congratulated Astral Lodge on a job, "well done". She wished for them many years of continued success, and said she saw no reason why they should not really go places. Other dignitaries made short speeches, but, they were all on the same note, namely congratulations.

There usually is something to mark an otherwise perfect evening, this time, it was the fact, that Lena Mida, and Lucille Reinhackle, were

unable to be present, due to illness, all hoped, it would be of a short duration.

It was announced that Astral Rebekah Lodge, will hold a linen games party, the evening of Saturday, May 24, at 7:30 p.m. The public is invited. There will be nice door prizes.

THE CLOSING ceremonies were held and the Bible closed, the flag retired. Each one was invited to a similar meeting to be held at Garden City, March 11.

Mt. Pleasant Students Tell of Trip to Museum

ROMULUS — The second grade class of Miss Jessica Miller at Mt. Pleasant School took a very interesting and exciting trip to the University of Michigan's Exhibit Museum on Feb. 26. The students visited three galleries: Indians, Dinosaurs and Fossils, and Rocks and Minerals. They learned what fossils are and how they occur, and saw many specimens. Several dioramas showed extinct life of ancient seas: the dinosaurs and other prehistoric animals. They found the dioramas of the North American Indians most interesting.

The living habits of eight cultures types are shown and six of the Michigan Indians are shown in miniature dioramas. Various implements and articles of clothing are shown also.

In the zoology gallery, students observed many of the 650 select mineral specimens with illustration and classifications. After the tour, they had lunch at Miss Miller's apartment in Ann Arbor and returned to school.

THE FOLLOWING are some remarks from students:

Patty Smolinski: "We saw beautiful minerals, very colorful. They were very interesting, and I enjoyed the trip very, very much."

Donna Coleman: "Meat-eating dinosaurs have teeth like upside down pieces of candy corn to tear their food with. Some dinosaurs are big (80 feet) and some are smaller (30 feet). But, they're bad! I liked our trip very much!"

Joey Scamp: "We saw sparkly rocks, and many other minerals. One rock we saw rotated with a light under it; as it turned it showed many colors. I bought some rocks for a souvenir. I liked the trip!"

Chris Collins: "I liked the place where we could buy souvenirs. We got peacock feathers, stones and miniature dinosaurs."

Benny Beavers: "I liked learning about all the Indians best of all."

Johnny Arquette: "I liked the dinosaurs that have spike-like things on their bodies to protect themselves."

David Zilka: "I liked seeing the rocks and minerals! There were so many different sizes, colors and shapes!"

FOREIGN EXCHANGE STUDENT PRESENTS FLAG — Dietrich Freyberger, a foreign exchange student from Stolberg, Germany (center) shown presenting flag from the Rotary Club at Stolberg where his father is an active member to Harold Harris (right), president of Belleville Rotary Club. James Coplas, Assistant Principal at Belleville High, where Dietrich is a student, looks on.

Cogswell Named to Post

DETROIT — William Schumer, vice-president of General Linen Supply Co., 1016 East Palmer, announces the appointment of Sam Cogswell of 47 Wexford, Belleville, to the post of Assistant Plant Manager of the fifty year old firm.

Sam, formerly was associated with Grand Rapids Coat &

Apron of Grand Rapids, Michigan. He was educated in Ypsilanti, is married to the former Mary Ann Litman and has one child.

Sam Cogswell's assignments include quality control, garment finishing, and the industrial garment department of the General Linen Supply Co.

VAN BUREN PUBLIC SCHOOLS

MINUTES OF THE BOARD OF EDUCATION

REGULAR MEETING

January 13, 1969

The Regular Meeting of the Van Buren Public Schools Board of Education was held in the Belleville High School library on January 13, 1969 at 8:00 p.m.

Members present were Hopka, Schweigert, Roe, Williams, Muse, Bole and Hay. Also present were Superintendent Kaulitz and Business Manager Egan.

The meeting was called to order at 8:04 p.m. by President Bole.

The minutes of a special meeting of December 2, 1968, as corrected, and minutes of the regular meeting of December 9, 1968 were read and approved.

The bills for the month of December were reviewed. Motion by Muse, and supported by Williams, that the bills as presented be paid. Motion carried.

Transportation Director McKelvey advised the Board on the required new buses for the coming year. His recommendation was the purchase of 8 new 66-passenger conventional buses for the year 1969-70.

Mrs. Gerald Porzondek came before the Board to relate a problem she was having in abiding by the rules on skirt length as applied to her daughter.

Motion by Hay, and supported by Roe, that teacher Sherrie D. Smith be released from her employment contract at the end of the first semester as per her request. Motion carried.

Motion by Hopka, and supported by Williams, that Business Manager Egan be authorized to see the Detroit Edison Company about possible purchase of a used electric stove and a refrigerator. This equipment to be for the Type A Special Education as per request of teacher Mrs. Winifred Lusk. Motion carried.

Superintendent Kaulitz, Principal Ford and Elementary Supervisor Gray were appointed by President Bole to serve on the Professional Study Committee. This Committee being necessary to comply with the Van Buren Education Association Agreement with the Van Buren Public Schools.

Motion by Hay, and supported by Muse, that Board

Instructor Lane be authorized to proceed with advertising for bids for four (4) new band instruments and repair of other presently owned instruments as requested. Motion carried.

Superintendent Kaulitz reviewed the progress, for Board information on the public relations program as recently adopted.

Motion by Hopka, and supported by Schweigert, that the Office of Economic Opportunity be notified that the Board of Education is firm on its position of not taking over transportation for any of their programs in the area. Motion carried.

Motion by Roe, and supported by Hay, that the Ski Club be allowed a total of three (3) more bus trips for this school year, providing all requirements set by the Board for a previous trip this year are met. Motion carried.

Motion by Hopka, and supported by Williams, that the request that Debate Instructor Fonie Butler had made to take the Debate Team to Milwaukee, Wisconsin with his expenses paid by the School District be denied. Motion carried.

After completion of the agenda, President Bole opened the meeting for any discussion or comments from the audience present.

Motion by Hopka, and supported by Muse, that this meeting be adjourned. Motion carried.

ROBERT A. HAY, Secretary

SPECIAL MEETING

January 20, 1969

A Special Meeting of the Van Buren Public Schools Board of Education was held in the office of Superintendent Kaulitz on January 20, 1969 at 7:30 p.m.

Members present were Schweigert, Hopka, Williams, Muse, Roe, Bole and Hay. Also present were Superintendent Kaulitz and Business Manager Egan.

The meeting was called to order at 7:30 p.m. to review a complaint concerning Maintenance Foreman Irving Barrett.

Motion by Hopka, and supported by Schweigert, that Irving Barrett be indefinitely suspended from his employment because of supposed misuse of school property, pending an investigation by committee. Motion carried.

President Bole appointed a committee composed of Doris Roe, Thomas Hopka, Robert Hay and James Egan to investigate and report to the Board on the Barrett matter.

At 8:00 p.m. the Board

moved to the library to meet with the Van Buren Education Association representatives to set up negotiations for the employment agreement for the coming year.

President Bole appointed Superintendent Kaulitz, Richard Muse and himself as a negotiating team to represent the school district in negotiating with the VBEA for the 1969-70 agreement - Chauncey Schweigert and Robert Hay as alternates.

Also appointed at this time was a negotiating team for non-teaching personnel, consisting of Business Manager Egan, Thomas Hopka, Doris Roe and Gerald Williams.

At 9:00 p.m. the Board returned to the Superintendent's office.

Motion by Williams, and supported by Muse, that the yearly salary of Business Manager, James Egan, be improved by the sum of \$1,000.00 for the year 1968-69. Motion carried.

Motion by Hay, and supported by Schweigert, that this meeting be adjourned. Motion carried.

ROBERT A. HAY, Secretary

SPECIAL MEETING

January 27, 1969

A Special Meeting of the Van Buren Public Schools Board of Education was held in the all-purpose room of the Elwell Elementary School on January 27, 1969 at 8:00 p.m.

Members present were Schweigert, Hopka, Bole, Williams, Roe, Muse and Hay. Also present were Superintendent Kaulitz and Business Manager Egan.

The meeting was called to order at 8:04 p.m. by President Bole.

Elementary Supervisor Gray reviewed, for the Board's information, present enrollment figures and trends of enrollment of elementary school children for the entire district and by individual schools.

Business Manager Egan reported on the progress of a mobile classroom installation at the Denton School. He also presented bids for musical instruments as requested by Band Instructor Lane.

Motion by Hay, and supported by Williams, that the low bid of Grinnells for 2 bass clarinets at \$469.00 each and the low bid of Carty Music Box

for 2 bassoons at \$822.00 each be accepted. Motion carried.

Principal Ford discussed with the Board the 9th grade and where they would be in attendance next year.

On completion of the agenda, President Bole invited discussion or questions from the audience present.

Motion by Muse, and supported by Williams, that this meeting be adjourned. Motion carried.

ROBERT A. HAY, Secretary

SPECIAL MEETING

January 30, 1969

A Special Meeting of the Van Buren Public Schools Board of Education was held in the Belleville High School library, January 30, 1969 at 7:30 p.m.

Members present were Hopka, Bole, Muse, Roe and Williams. Also present were Superintendent Kaulitz and Business Manager Egan.

The meeting was called to order at 7:45 p.m. by President Bole.

Mr. R. B. Michels and Mr. J. H. Gosom of Norfolk and Western Railroad were back to talk further with the Board about a possible trade with the school district of a school site located on Savage Road and presently owned by the district.

Superintendent Kaulitz reported to the Board that after a site meeting with the new Junior High School contractor, it was his feeling that the gamble was too great to expect this building to be ready for occupancy next September. Therefore, the Board advised him that 9 through 12 grades should remain at the Belleville High School through the first semester of the school year 1969-70.

Motion by Hopka, and supported by Muse, that Change Order GC-1, for the new administration building, an addition in cost of \$3,238.09 be approved. Motion carried.

Motion by Hay, and supported by Roe, that the school nurses, Miss Lingenfelter and Mrs. Luper, have their annual salaries improved in the amount of \$900.00, retroactive to the beginning of the year 1968-69. Motion carried.

Motion by Muse, and supported by Hay, that Mrs. Stanke be dismissed as a bus driver as per recommendation of Transportation Director McKelvey. Motion carried.

Motion by Roe, and supported by Muse, that this meeting be adjourned. Motion carried.

ROBERT A. HAY, Secretary

Spelling Winners Chosen

BELLEVILLE - The 1969 Belleville Junior High grade spelling bees were held last Thursday and Friday, Feb. 20 and 21.

Ten top winners from each grade were chosen to compete in the school spelling bee to be held on March 7.

Miss Susan Lamminen, teacher, announced that the top ten contestants from the seventh grade were:

Luckie Osborn, Barbara Hiedemann, Joe Stillwagon, Jan Putansu, Roger Grapp, Carl Harden, Cynthia Palmer, Pat Davenport, runner-up, Vicki Boyd, and winner, Kevin Bara.

The eighth grade contestants are Teresa Koski, Vicki Schulz, Pamela Pardon, Keith Hubbs, Laurie Gorham, Denise Wilbur, Paula Memering, Lisa Archer, runner up, Dennis Lochrie and winner, Mark Bryant.

From these twenty contestants a winner will be chosen to represent Belleville Junior High School in the District Spelling Bee which will be in early April.

Painting Schedule Approved

BELLEVILLE - An outside school building painting schedule suggested to the Van Buren School Board by school administrators has been approved.

The School Board at a special meeting held at Haggerty Elementary School last Thursday, Feb. 27, approved the painting of West Willow, Elwell and Sumpter Elementary Schools during the current year.

Painting of Belleville Junior High School is scheduled for next year, Dale E. Kaulitz, school superintendent reported.

4-H Club Reports on Activities

NEW BOSTON - The Huron Valley 4-H held its monthly meeting at Riverside Elementary School on Feb. 17.

The candy sale was a big success. Darrell and David Blount won the first prize of \$10 for selling 18 cases of candy. Greg Smith won \$6 as second prize. He sold 11 cases. Third prize of \$3. went to Kim and Wayne Toth for selling nine cases. All the members did a great job!

A reining clinic will be held from 1 to 3 p.m. May 10, at the 4-H Fairgrounds.

There will be a horse show Saturday, May 31, at the fairgrounds. It's at 8:30 a.m. sharp. "Rain or Shine". The Judge will be Bob Morgan. Entry fee for classes is \$2. There will be a trophy and six ribbons in each class. Admission is \$1.00, children under 10 free.

The show is being sponsored by the 4-H Horse Leaders Association.

On July 20 at 9 a.m. there will be another horse show at the fairgrounds sponsored by the Belleville Kiwanis Club.

There is a liquid embroidery meeting March 10, at 7:30, at 35655 Sibley Road, New Boston. Everyone is welcome.

After the meeting Mr. and Mrs. Campbell showed some movies. Some were taken last fall at a riding meet. The others were of horse shows that the Campbell's had been to.

Stafford Promoted By Army

BELLEVILLE - Carl E. Stafford, whose parents, Mr. and Mrs. Chester Stafford, and wife, Shirley, (Sic) live at 4300 Corinne Street, was promoted to Army specialist four during ceremonies near here.

He was congratulated by Major Roy H. Herron, commander, 242nd Assault Support Helicopter Company. Spec. Stafford is a generator specialist in the 242nd Assault Support Helicopter Company.

Offers Free Beverage

BELLEVILLE - A free beverage gift with every food purchase will be one of the menu attractions at Ski's Dairy Bar, 67 Main street, on March 8 and 9.

The beverage distribution by Ski's Dairy Bar is a means of showing appreciation for customer clientele and as a test to approaching warm weather.

Steve Piorowski, owner, announced that the dairy bar opens at 11 a.m. and closes at 10 p.m. seven days a week.

SCIENCE FAIR EXHIBIT - Mrs. Arlene Zimmerman, with daughter, Kim, and son, Michael, looking at one of the many Science Fair exhibits (stuffed animals used for educational purposes) held at the Rawsonville Elementary School Feb. 25. On the right is Mary Bole, teacher, and Clyde Stapleton, principal of Rawsonville School.

School Board Holds Meeting at Haggerty

BELLEVILLE - A special meeting of the Van Buren Township Board of Education was held last Thursday, Feb. 27, at the Haggerty Road Elementary School.

The meeting, second of a series initiated this school year by the School Board in a program of improving school-community relations, by taking board sessions directly to the people, had an attendance of 65 persons including teachers, students and parents, Dale E. Kaulitz, school superintendent, reported.

The meeting opened by an introduction of School Board members (Mrs. Doris Roe was absent due to a prior commitment) and their comments on school operations and expressions of appreciation of being able to be present at such gatherings.

After presenting an agenda that included acceptance on sealed bids for the purchases of new school buses and a report on school building maintenance, a question and answer period was held.

School Board President Charles W. Bole, in commenting on the Board's

program of "being closer to the people," stated:

"We think that our attempts to 'be closer to the people' are beginning to show results. Unless we are doing a lot of wishful thinking, it seems that we feel the beginning of a 'let's pull together' attitude and could greatly help in problem solving. There is no doubt that if we don't 'pull together' we'll 'pull apart'."

VB Land Auction Bid Aired

BELLEVILLE - William Levitt and David Hermelin of Detroit submitted the high bid for 19,600 square feet of land on the south side of Ecorse Road, west of Haggerty Road, Michigan State Highway Department announced.

The bid of \$2,900 was received at an auction held Feb. 20, when the highway department auctioned off four parcels of excess land in Wayne County.

The bid must be approved by the State Administrative Board before title to the land can be transferred.

DEDICATED NEW ADDITION TO ST. STEPHENS SCHOOL — Most Rev. Walter J Schoenherr, Auxiliary Bishop of Detroit (center) dedicating the new addition to St. Stephens School. Left to Right are Rev. Richard Maloney, associate pastor of St. Rose Parish, Detroit; Bishop Schoenherr, Rev. Adalbert Gorajski, visiting scholar and former resident priest; Rev. Alexander J. Wytrwal, pastor of St. Stephens.

2 Teams End BB Season

BELLEVILLE — The seventh and eighth grade teams of Belleville Junior High ended their basketball season last Thursday against Ypsi West Junior High.

The games were exciting because the scores were so close. John Forsyth is seventh grade coach and Dick Leidheiser coaches the eighth grade.

In a hard fought seventh grade game, Kevin Bara was high scorer with 18 points. This was not quite enough to tip the score in favor of Belleville, and Ypsi squeaked through with a 41-38 win.

The victorious eighth grade team also played a "terrific" game in which the two teams were never separated by more than 8 points. Rob Watson's 12 points and Mike Dansard's 11 points, along with a strong defense, boosted the Tiger Cubs to a thrilling 43-41 victory.

The exuberant crowd of students and parents led by the newly selected Junior High cheerleaders almost brought the roof down at B.J.H.S. Let's hope we can pick up next year where we left off this year.

Eastern Selected As Testing Center

YPSILANTI — Eastern Michigan University has been designated as a test center for administering the National Teacher Examinations on April 12, Wilbur A. Williams, Chairman of the Division of Educational Psychology, announced today.

College seniors preparing to teach and teachers applying for positions in school systems which encourage or require submission of NTE scores are eligible to take the test. Last year more than 98,000 candidates took the examinations, which are prepared by Educational Testing Service, Princeton, N.J.

The designation of Eastern as a test center will give prospective teachers in this area an opportunity to compare their performance with that of candidates throughout the country.

At the one-day session, a candidate may take the Common Examinations, which include tests in professional education and general education, and one of 15 Teaching Area Examinations,

which are designed to evaluate understanding of the subject matter and methods applicable to the area he may be assigned to teach.

Bulletins of information describing registration procedures and including registration forms may be obtained from Williams at 338 Pierce Hall on this campus or from National Teacher Examinations, Educational Testing Service, Box 911, Princeton, N.J. 08540.

Applications must be in the Princeton office no later than March 21.

Spending for the space program has been reduced by more than a half billion dollars.

NOTICE OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN that the Huron Township Planning Commission will hold a Public Hearing on March 31, 1969, at 7:30 P.M., Eastern Standard Time, at the Township Offices, located at 37290 Huron River Drive, New Boston, Michigan, on the following proposed Amendment to the Zoning Map:

To change parcel Item 01A1 consisting of 6 acres, to an M-1 Zoning District. This parcel is more commonly identified as being the Lang Feed Company, which is located on the southwest corner of Inkster Road and Pennsylvania.

A copy of the Tentative Zoning Map may be examined at the Township Offices during business hours from 9:00 A.M. to 4:30 P.M. on week days until date of Public Hearing.

7

That's the number

we'd like you to remember

the next time you buy a Pork Loin Rib Portion.

Why?

Because that's how many ribs you'll get

if you buy a

"SUPER-RIGHT" Pork Loin Rib Portion at A&P.

When you pick up the package,

you can feel and count the rib bones with your fingers.

If you don't shop A&P, try counting the ribs.

If there aren't seven, you're missing select meat.

You're not getting the best value.

Because of fair practices like this,

because WE CARE... about you,

shouldn't A&P be your store?

Schoolcraft To Show

Fellini's '8 1/2'

LIVONIA - Federico Fellini's "8 1/2" will be presented on the Schoolcraft College Humanities Series film program at 2 p.m. and 8:30 p.m., Friday, March 7, in the Liberal Arts Building Theater. The public is admitted without charge.

In "8 1/2" Fellini depicts on film what is essentially a seance on a psychiatrist's couch. Flashbacks show the principal character's youth; flashforwards illustrate his inner qualms and daydreams, and both are interspersed with the reality of his day-to-day existence.

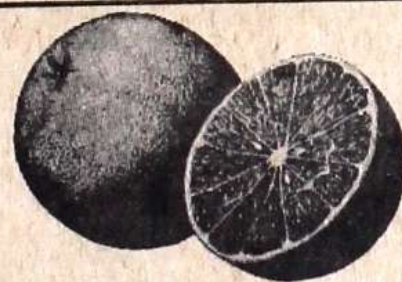

At the conclusion, dreams and reality merge as the character finds himself and decides that "life is a feast --let's live it together."

Singles City Sets Party

DETROIT - Singles City will hold their Party at 9 p.m., Friday, March 7 at the Polish Century Club, located on Outer Drive, east of Van Dyke. Gentlemen must wear a sport or suit coat. Ladies dress appropriately. Singles City parties and other events are open to single people between the ages of 21 and 35.

Part of the profits of Singles City parties will be accumulated and donated to a charity designated by our members.

For further information about Singles City, call our 24 hour party line - 294-3190.

Picture Story of Scout's Blue and Gold Banquet

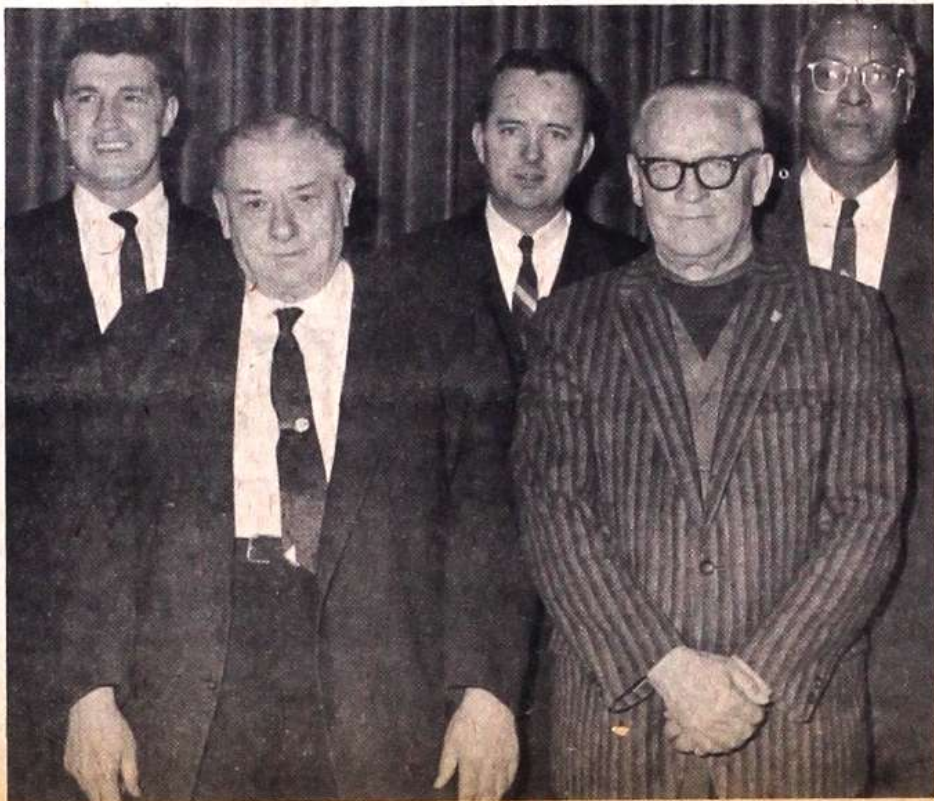

A TIME TO REMEMBER — Cub Scout Mark Rogers of Belleville and member of Cub Pack 821 will always remember this year's Blue and Gold Banquet held at the 4-H Fairgrounds, Feb. 23. The Third Fastest Gun in the West, "Buck" Buchanan of Garden City, banquet highlight, presented Mark with an autographed picture.

A CUB SCOUT BANQUET — An overall view of banquet participants at the annual Blue and Gold Cub Scout Pack 821 Banquet held at the 4-H Fairgrounds Feb. 23. The affair was termed a success by its attendance and enjoyment shown by Cub Scouts and their guests. Pack 821 is sponsored by Haggerty Road School.

BANQUET GUESTS — Scout leaders and guests attending the Blue and Gold Banquet of Cub Scout Pack 821 are shown at the head table. Left to right are: Gaylord Bauer, Scoutmaster, Troop No. 724; Mrs. William Crawford, her husband, William Crawford, Community Commissioner; Joseph Dapsi, Cubmaster of Pack 821; Mike Mlsna, master of ceremonies; George Haft, District Commissioner; Mrs. George Haft; Mrs. Wilson Wood, her husband, Rev. Wilson Wood, pastor of Belleville Presbyterian Church; and Jeff Wood, their son.

A HAPPY MOMENT — Cub Scout Richard Muse, (center), son of Dr. Richard R. Muse, O.D. of Belleville, happily received a personally autographed picture of "Buck" Buchanan of Garden City, famed fast draw gun artist. Buchanan delighted the many Cub Scouts and guests with his many tricks and fast draw at the Blue and Gold Banquet of Cub Scout Pack 821 held Feb. 23.

PCHA ELECTS — Officers and members of the Executive Committee of PCHA were elected last week Feb. 27 by the Authority's board of directors. Back row (left to right) Donald J. Pizzimenti, re-elected Chairman; Patrick J. Norton, re-elected Vice Chairman; and Hiram McNeely, secretary. Front row are re-elected members of the PCHA Executive Committee Edward J. Langland and Russell V. White. Also re-elected but absent was Roger J. Remer, treasurer.

Senior Club Sponsoring Recital

BELLEVILLE — The Belleville area Senior Citizens Club announced sponsorship of this year's Janet Olivers Dance Recital which will be held Friday, March 28 at 8 p.m. in the Belleville Junior High School Cafeteria. Tickets will go on sale next week. Admission for adults and students will be 75 cents. Grade children accompanied by parents, will be admitted free. Last year's recital was well attended.

The first meeting this month will be a birthday party for those who have birthdays during March. They include Mrs. Elizabeth Hunter, Mrs. Viola McNally, Mrs. Dorothy Elliott, Arthur Cullen, Mrs. Betty Taylor, James Renton, Mrs. Hazel Bryon, Mrs. Nellie VanWormer, Mrs. Doris Sirdanik, Miss Kathryn Jenkins, Mrs. Lela Gordan and Anthony Ferrera.

Anniversaries this month are Mr. and Mrs. Harold Cullen, Mr. and Mrs. Orville Dolph. New member joining the club is Frank Goodnight, 50435 Bog Road.

MEMBERS WHO are going to the Ice Capades Saturday, March 15 with the Ypsilanti Club are to meet at Howard Johnsons on the I-94 Expressway. Bus will leave at 2 p.m. sharp.

A trip to Coldwater for a tour of a wig and shoe factory will be on Wednesday March 25. More on that trip will be reported at the next meeting.

A hearty congratulations and thanks to Mr. and Mrs. Major Glenn for their fine work with the Belleville Senior Citizens Day Center. Meetings are on Monday, Wednesday and Friday from 1 to 4 p.m. at the Belleville City Hall.

Fifteen to twenty members and friends have been getting together for light refreshments, also making articles for a future garage sale. Visiting and table games are the entertainment for the day. Last Monday several car loads of Senior Citizens from the Ypsilanti Club visited the center and joined in the activities.

MILLIKEN IS SPEAKER

Water Sediment Pollution? Conference Set March 11

What happens when new subdivisions and highways are constructed, when these and other land developments expose bare soil to erosion, causing water sediment pollution?

Of major concern because of the resulting threat to a plentiful supply of clean water for Michigan residents, this problem will be explored by a distinguished panel of experts at a Governor's Conference March 11 in the Lansing Civic Center.

B. Dale Ball, director of the Michigan Department of Agriculture and chairman of the State Soil Conservation committee, will chair the morning session, when Governor William G. Milliken speaks on conference objectives.

"Protection of water supplies in areas undergoing land use change and development is of vital concern to all of us," Ball said. "Exposure of bare soil during residential and commercial construction, and the building of highways, is a major factor in the high rate of sediment, damage to our water supplies."

Ball said that farm erosion was also a major concern, and

Concert

PLYMOUTH — The Plymouth Symphony Orchestra's fifth concert of the 23rd season, with Wayne Dunlap, conducting, will be held Sunday, March 9, 1969 at 4 p.m.

The concert will be held at the Plymouth High School. It is opened to the public free of charge. Nursery service will be provided for children 2 to 6 years.

Cassation for Four Horns, Haydn; Symphony No. 5 in Bb Prokofiev; Concerto in D major for violin and orchestra, Brahms will be played.

Catholics Now Free To Join 'Y' Groups

Religious aspects once associated with membership in the YWCA and the YMCA, and which kept Catholics from joining, no longer exist, according to statements issued by spokesmen for both groups and for the Archdiocese of Detroit.

Those who commented were the Rev. Father Robert V. Monticello, director of the Christian Service Department of the Archdiocese of Detroit, Fred Noyes, president of the YMCA of Metropolitan Detroit, and Dorothy B. Mignault, executive director of the YWCA of Metropolitan Detroit.

Father Monticello said Archbishop John F. Dearden expressed great satisfaction when told that one more barrier separating Christians

had been leveled by ecumenical action, adding: "Cooperation between men of good will was a goal set before us by the Vatican Council. It takes time to knock down some barriers but each one that falls encourages us to continue to undermine those remaining."

"THE YMCA is happy that the Catholic Archdiocese of Detroit will be working with us for the good of the whole community," Noyes said. He added that the announcement affects YMCAs in Ann Arbor, Adrian, Monroe, Mt. Clemens, Pontiac, Port Huron and in Lenawee County as well as those in Greater Detroit.

"It was with great pleasure that we received the recent statement of Catholic position," Miss Mignault said.

"Our membership has been entirely open for years. Our 1967 statement of purpose affirms that the YWCA is not allied with any church nor does it proselytize for any religion, but welcomes those of all faiths or none."

Father Monticello was assisted in the examination of prevailing conditions of membership by Catholic Youth Organization (CYO) board members and its associate director, James F. Coughlin, and also by a Detroit Archdiocesan Council of Catholic Women (DACCW) committee headed by the group's president, Mrs. Buford O. Barber.

"The by-laws adopted at the 1967 YWCA national convention cleared the way for full co-operation between Catholic women and girls and the YWCA," Mrs. Barber said. Coughlin added that, "Hereafter the CYO and the YMCA will be free to commit themselves to common endeavors at as many levels as possible."

PCHA Re-elects Chairman

WAYNE — Election of officers and salary and fringe benefit adjustments for PCHA salaried employees were major agenda items for the Authority Board of Directors at their February meeting last Thursday, Feb. 27.

Donald J. Pizzimenti, member-at-large director from Allen Park, was unanimously re-elected Chairman of the Board. In addition Patrick J. Norton, Wayne, was re-elected Vice Chairman.

Hiram McNeely, Inkster,

was elected to his first term as secretary of the PCHA board while Roger J. Remer of Flat Rock was re-elected treasurer.

Alfred M. Lennon, D.O., former appointed member from the City of Dearborn, was elected member-at-large. There is a total of seven members-at-large on the PCHA board. Edward J. Langland, Ecorse, and Russell V. White, Lincoln Park, were re-elected members of the PCHA executive committee.

SEVEN PHYSICIANS were elected to the PCHA Medical Advisory Committee. They are: J.C. Carlisle, M.D.; R.B. Dow, D.O.; H.H. Handorf, M.D.; M.M. Kazdan, M.D.; D.J. Largo, M.D.; R.W. Rebandt, M.D.; and P.J. Wicht, M.D.

The Board of Directors is made up of 44 members, of which 37 are appointed by the 23 communities and townships. Served by PCHA operations, the seven members-at-large are named by the appointed directors.

Employees Get Pay Hike

WAYNE — Salary adjustments for Peoples Community Hospital Authority (PCHA) salaried employees were approved Feb. 27, by the Board of Directors.

Effective May 1, 1969, the pay increases total approximately \$680,000 per year.

In addition improvements in fringe benefits, such as Blue Cross, overtime, retirement and longevity, were also approved totalling approximately \$100,000 annually.

The nearly \$800,000 in increased salaries and benefits for salaried employees, together with last month's

increase of \$733,000 in wages and benefits for hourly rated employees of PCHA hospitals, now boosts the Authority's annual total payroll to approximately \$13.3 millions per year for the 1,800 people employed by PCHA and its four hospitals.

The PCHA Board reported that the salary increase means a \$6-a-day additional cost in patient care. Although no increase in hospital patient fees was announced, Dr. Karl S. Glicka, Executive Director of PCHA stated an increase in patient rate would be needed to meet the \$1.5 million pay boost.

Commenting on the increases for hourly rated and salaried employees at PCHA, increases which together total \$1.5 millions, Donald J. Pizzimenti, board chairman, said he believed PCHA would now be able to remain competitive in retaining and recruiting a high level of hospital employees.

Fire Truck Purchase Approved

BELLEVILLE — The purchase of an used fire truck from the Ypsilanti Fire Department by Van Buren has been approved by the Township Board.

The Truck will replace one that was demolished in an accident in 1968 and will be used by Fire Station No. 2.

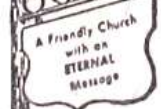

The purchase of two air packs and a smoke injector for the Van Buren Fire Department was also authorized.

When undertaking a fix-it project, select the correct tool for the job! Using the wrong tool, such as a wrench for a hammer, may damage the tool and also endanger its user, warns the Michigan Bureau of Safety and Regulation.

How far can you trust a used VW?

About as far as you can trust a new one, when it's had our 16-point Safety and Performance Inspection. That's why we can guarantee 100% the repair or replacement of all major mechanical parts* for 30 days or 1000 miles. Of course, not every used VW gets this inspection. Only VWs sold by authorized dealers like us.
*engine *transmission
*rear axle *front axle assemblies
*brake system *electrical system

Record Entry Seen in Annual Teen Driving Championship

The lure of college scholarships, travel throughout the United States and the use of a 1970 Mustang for one year are expected to attract a record number of entrants in the 18th Annual Teen Driving Championship this year.

Lincoln-Mercury Division of Ford Motor Company and the United States Jaycees, sponsors of the unique competition, estimate that nearly a half million teenagers from 2,500 communities will vie for the top prizes and the title of America's safest and most skilled teenage driver.

"Today's teenagers are the best educated, best prepared and most skilled newly-licensed drivers in the history of automotive transportation," M.S. (Matt) McLaughlin, Ford Motor Company vice president and division general manager, said. "They're willing to prove it in competition and we're happy to give them the opportunity and recognition they deserve."

Any boy or girl who has a driver's license and has not reached the age of 19 before the final day of the national

championship (August 6) is eligible to participate in the competition. Contestants must not have committed a traffic violation during the preceding six months or have an offense pending.

BOYS AND GIRLS compete in separate divisions. The overall winner in each division receives a \$4,000 college scholarship, while second and third place contestants receive \$2,000 and \$1,000 scholarships, respectively. The six finalists also have the use of a new Mustang for one year and will travel throughout the country as Youth Safety Spokesmen for Lincoln-Mercury Division.

Local driving competitions begin in March and are supervised by Jaycee members in the community. The competition consists of a comprehensive written examination on rules of the road and a series of behind-the-wheel tests over a difficult obstacle course.

The high-scoring boy and girl drivers will win plaques and the right to compete against other

local contest winners at the state finals. Winners at the state level are flown to Ann Arbor, Mich., to compete with boy and girl winners from every state and the District of Columbia for the national championship, August 2-6.

Last year's Teen Driving Championship attracted some 400,000 contestants and was won by Anita Russell, a 17-year-old high school student from San Antonio, Tex., and David Hunter, 17, of Olympia, Wash. More than four million teenagers have competed in the program since it was begun in 1952.

Entry forms and further information about the competition are available at local Jaycee headquarters or at any Lincoln-Mercury dealership.

Willie Horton, Tiger outfielder, is the youngest of 19 children.

Since becoming a Tiger in June, 1966, Earl Wilson has never beaten the Yankees in New York and never lost to them in Tiger Stadium.

Bennetts Return From West Coast After Son's Wedding

BY
MRS. WILLIAM HAVENSTEIN
753-3801

Mr. and Mrs. Richard Bennett, of King road, recently flew to California to attend the wedding of their son, Jim, and Deanna Joan Potter, of Paramount, California.

The young couple married in a candlelight ceremony February 9. A reception in the church parlor followed. The bride's mother was hostess for an evening dinner reception at her home.

Jim's best man was a friend and former classmate, Frank Weimert, who is in the U.S. Navy and stationed in San Diego. His parents are Mr. and Mrs. Frank Weimert, of King road.

Following a short honeymoon, Jim and Deanna flew to Michigan with his parents where they spent a week. While here, the newlyweds were honored at a wedding shower in Allen Park with about 40 guests attending.

The new Mr. and Mrs. Bennett have returned to California where Jim is an electronics technician with the Navy. He is stationed at Long Beach and is scheduled for discharge next December.

During their stay in California, Richard and Helen Bennett made tours of points of interest including Knotts Berry Farm, Marine Land, Wax Museum, and Disneyland.

St. Stephens' Board of Education welcomes two new members to the Board, Richard Frankowski, of Rust road, who came to this area with his family from Westland last August and Donald Thomas, of Sibley road.

About 30 guests attended a bridal shower for Sharon Havenstein on Sunday, February 23. Hostess for the afternoon event were Sharon's sister, Cynthia, and sister-in-law, Mrs. David Havenstein.

The guest list included relatives and friends from the downriver area and also from the Lansing area.

Guests enjoyed an afternoon of shower games. After Sharon opened her many lovely gifts, refreshments were served.

Sharon's coming marriage to William Travis will take place March 15 in Lansing. The Church of Christ has been reserved for the ceremony.

NEW BOSTON EVENTS

Both Sharon and Bill are students at Michigan State University.

Women who attended the February 26 meeting of St. Stephen's Mothers Guild viewed an informative movie from the Wayne County Library entitled "Jamie, the Story of a Sibling", which revealed some problems created by parents who compare their children.

The Guild wants you to be sure to order tickets for "Luncheon is Served" which will be held April 24. Make reservations early since tickets will be available by advance sale only. For reservations call Mrs. Dora Danowski 753-9785. Tickets for the cedar chest raffle, held in conjunction with the luncheon, may be purchased from any member or by calling Mary Margaret

Haeuer at 753-5682.

St. Stephens Holy Name Society will sponsor Tri-Parish Father and Son Banquet March 9 at 5 p.m. in the parish hall. A complete roast beef dinner will be served. Tickets are \$1.75 for adults and \$1. for boys under 12 years of age.

Circuit Judge Thomas Foley will be guest speaker for the event. A pro football movie will also be shown.

There will be door prizes given for the boys. The Tri-Parish Banquet has been held annually since the three parishes were established. At one time the three, St. Aloysius of Romulus, St. Anthony, Belleville and St. Stephens, New Boston were a single parish. The banquet is an excellent opportunity for members of the three churches to join in a social function.

Supervisor's Committee Supports 5 State Bills

ROMULUS — The Legislative Committee of the Wayne County Board of Supervisors last week announced support of the following reported bills now before the House of Representatives and Senate, Edmund Bizek, supervisor from the 24th District and committee member, announced.

House Bill No. 2200 providing issuance of three-year reflectorized automobile license plates instead of yearly issuance of plates as at present.

House Bill No. 2054 giving local government units the power to tax state real and personal property within its area if determined to be income producing and used for non-essential purposes so far as

health, education and welfare are concerned.

House Bill No. 2010 providing for the transfer of power of appointment and removal of the Friend of the Court from the governor to the Board of Supervisors.

The Friend of the Court appointment is usually recommended by the Wayne County Circuit Court and appointed by the governor. Under this bill the supervisors would make the appointment as the county bears the salary cost, Bizek stated.

Of the two Senate Bills receiving the committee's support were Senate Bill No. 12 calling for a change in the name of supervisors to that of commissioner and Senate Bill No. 58 to change Board of Supervisors to that of Board of Commissioners.

SECURITY MOVE

Supervisors Ok More Guards at County Jail

Nineteen temporary guards will be added at the Wayne County jail to cope with an emergency security problem, which has resulted from the worst overcrowding in the history of the jail.

The additional guards were approved by the County Board of Supervisors last Thursday, Feb. 27.

The jail, with a planned capacity of 1,200, now has a population of more than 1,500. About 300 prisoners are sleeping on mattresses on the floor.

In recommending the extra guards, Ralph Patrick Turco, of Westland, 25th District Supervisor and chairman of the Supervisors Committee on Law Enforcement and Public Safety, said his committee will seek ways to reduce the jail population. Bringing prisoners to trial more quickly is among the possibilities, he said.

THE SHORTAGE of guards has resulted in a sharp increase in assaults on prisoners, Sheriff Roman S. Gribbs told the

supervisors. Two-hundred sexual assaults and 250 other assaults were reported in a five-month period, he said.

"Many more than that occurred, but were not reported because of fear and intimidation," Gribbs declared. "It is important to remember that most prisoners are awaiting trial and, therefore, are presumed to be innocent. In many cases, they are innocent."

Addition of 19 guards was recommended by the Citizens Research Council of Michigan last fall following a study of jail conditions by the Research Council and the National Council on Crime and Delinquency.

The cost of the new guards will be \$136,500 for the balance of the fiscal year ending Nov. 30.

A week ago, the Board of Supervisors authorized the filling of 13 new jail positions which were included in this year's budget by the old board. Eight are guard jobs, three are cooks and two are office workers.

LEGAL NOTICES

To the Supervisor and Clerk of the Township of Huron, Wayne County, Michigan.

You are hereby notified that the Board of County Road Commissioners of the County of Wayne, Michigan, did, at a meeting of said Board held on January 23, 1969, decide and determine that the certain county road described in the minutes of said meeting of said Board should be absolutely abandoned and discontinued as a public highway, reserving therein the easement set forth in said determination.

The portion of the minutes of said meeting fully describing said section of county road is attached hereto and made a part of this notice, which is given under and by virtue of Act 283 of the Public Acts of 1909, as amended.

In testimony whereof, I have hereunto set my hand at Detroit, Michigan, this 25th day of February, A.D. 1969.

BOARD OF COUNTY ROAD COMMISSIONERS OF THE COUNTY OF WAYNE, MICHIGAN

WILLIAM E. KREGER, Chairman
MICHAEL BERRY, Vice-Chairman
PHILIP J. NEUDECK, Commissioner
DONALD R. KRING, Secretary and Clerk of the Board

RESOLUTION

Commissioner Berry moved the adoption of the following resolution:

WHEREAS, pursuant to petition and in accordance with the provisions of Section 18, Chapter 4, Act No. 283 of the Public Acts of 1909, as amended, this Board by resolution dated December 5, 1968, set a date of hearing on said petition and directed a Hearing Examiner to hold said hearing; and WHEREAS, said hearing was held at the time and place appointed, and the Board has considered the findings of fact as reported by its Hearing Examiner concerning the advisability of absolutely abandoning and discontinuing:

All of Inkster Road (formerly Town Line), 60 feet wide — as dedicated to the use of the public in QUE-QUEH SUB. of part of N. E. 1/4, Sec. 36, T. 4 N., R. 9 E., Huron Township, Wayne Co., Mich., as recorded in Liber 61 of Plats on Page 34, Wayne County Records — abutting lot 1 and lying southerly of a straight line located 60 feet (right angle measurement) southwesterly of and parallel with the northeasterly boundary of said plat and the southeasterly production thereof; and

WHEREAS, the premises were viewed in accordance with said statute.

NOW, THEREFORE, BE IT RESOLVED, that it is in the best interest of the public that the above-described county road or portion thereof be absolutely abandoned and discontinued and that said road or portion thereof is hereby absolutely abandoned and discontinued reserving therein easement for road drainage purposes over the easterly 30 feet thereof.

The motion was supported by Commissioner Neudeck and carried by the following vote:
Ayes: Commissioners Kreger, Berry and Neudeck.
Nays: None.

Attendance: Chairman, Cap Sears; Steve Pavelka and Richard Bricks.

Finance: Chairman John Holowicki; Burt Griffith and Hellmuth Weiss.

Convention: Chairman, Ed Gray; Burt Griffith, Grant Oelke and Harlan Whicello.

Constitution and By-Laws: Chairman, Tom Warner; and Bob Cook.

Lions Information: Chairman George Eastman; Larry Albritten and Paul Common.

Membership: Chairman Cornelius Terwilliger; Merle Barker and Al Berlin.

Program and Entertainment: Chairman, Ray O'Neil; Al Berlin and Cornelius Terwilliger.

Public Relations: Chairman, Henry Koski; Paul Common and Louis Fowler.

Bulletin: Chairman, Roland Wolfe; George Eastman and Tony Sam.

International Relations: Chairman, Apolinario Capili; Tony Sam, Tom Warner and Ed Koski.

Sports Car Spectacular is April 19-27

DETROIT — The third annual Sports Car Spectacular will be presented in Detroit at Cobo Hall April 19-27.

Included among the more than 300 sports cars, prototypes, competition and production automobiles, will be automobiles never before seen in the United States, managing director Gary Kohs, reported.

Every foreign manufacturer which imports to the United States will be represented in the show this year. Exotic Marquis such as Ferrari, Lamborghini, Mangusta, and Iso will be present.

No less than five European prototypes will be highlighted at this year's show.

KAY SHARON HORTON, Plaintiff,

vs.
RICHARD FRANKLIN HORTON, Defendant
ORDER OF PUBLICATION

At a session of said Court held in the City-County Building, City of Detroit, Wayne County, Michigan on February 7, 1969. Present: Honorable John M. Wise, Circuit Judge.

On the 2nd day of May, 1967, an action was filed by Kay Sharon Horton, plaintiff herein, against Richard Franklin Horton, defendant herein, for an absolute judgment of divorce.

IT IS HEREBY ORDERED that the defendant, Richard Franklin Horton, shall answer or take such other action as may be permitted by law on or before the 8th day of May, 1969. Failure to comply with this order will result in a judgment by default against said defendant for the relief demanded in the complaint filed by the plaintiff in this Court.
